

Akron Motorcycle Dealers and People

A
Gentleman's
Mount.

John Jack Morris

I was not cut out for this kind of job I worked in the skilled trades all my life with tools and blue prints not a typewriter and words, but I like Akron and Akron motorcycle history.

This project got started with several motorcycle guys disagreeing where old time motorcycle shops were located around Akron. I said Ill just settle this at the Summit County Library. Ten years or so latter I did not remember who the guys were or what shops they disagreed about. It has been a heck of a experience and a unbelievable amount of Akron history of Motorcycling and its People has been uncovered.

In trying to put it all to together into a book form it became increasingly difficult as the material came in over a period of years especially the pictures. It would have meant starting all over every four or five years.

I do not apologize for the punctuation, spelling, grammer or format.

This motorcycle dealership information came from the Akron street directories, phone books and the Beacon Journal that are in the Summit County Library microfilm department.

I thank the Librarians who in the early years showed me how to use the microfilm indexes and the machines you use them on, then copy for me. I am hopeful that Judy and Mary at the Library are going to try and make a copy of this for the Summit County Library.

I should mentioned here that there were other motorcycle dealers and shops in Akron that did not advertise it would be impossible to list those from peoples memories.

It also should be noted if all the stories about Akron area motorcycling were accumulated it would fill another book. Motorcycle people love to get together and tell their motorcycle stories. There is another type of motorcyclist that injoys being by himself riding and maintaining his bike. Since the very early days of motorcycling in Akron there has been Women riders and enthusiast also.

The 280 some pictures and 60 some Akron motorcycle clubs names came from friends and people who wanted to preserve a very popular and important part of Akron history. There are too many people to list thank all of you.

I would like to thank my Son John for printing many of the picture captions, it was no easy task fitting them in the room available and all of my family for listening to my stories.

So identify motorcycle pictures and write down your stories, hopefully all of this will be of interest and help somebody in the future maybe even a genealogist.

CHAPTER THREE:

Akron Area Indian Dealers	207
Akron Area Indian People	221
The Stark Family and Indian Motorcycles	258

It would be my hope as people go thru this book to grasp the enormous popularity of Akron Motorcycling during the last hundred years or so. It may not surpass the automobile but it comes close.

It is difficult to explain the attraction of motorcycling some have tried but is too broad to pinpoint.

It would also be my hope people would reflect on these motorcycle enthusiasts in the book with thoughtful manner.

Foot Note-Different makes of motorcycles may show up in other chapters occasionally.

Magic

To go with the urge

— be here or there

— move freely, joyously

— visit far places

— see fresh faces

— shake off the humdrum shackles

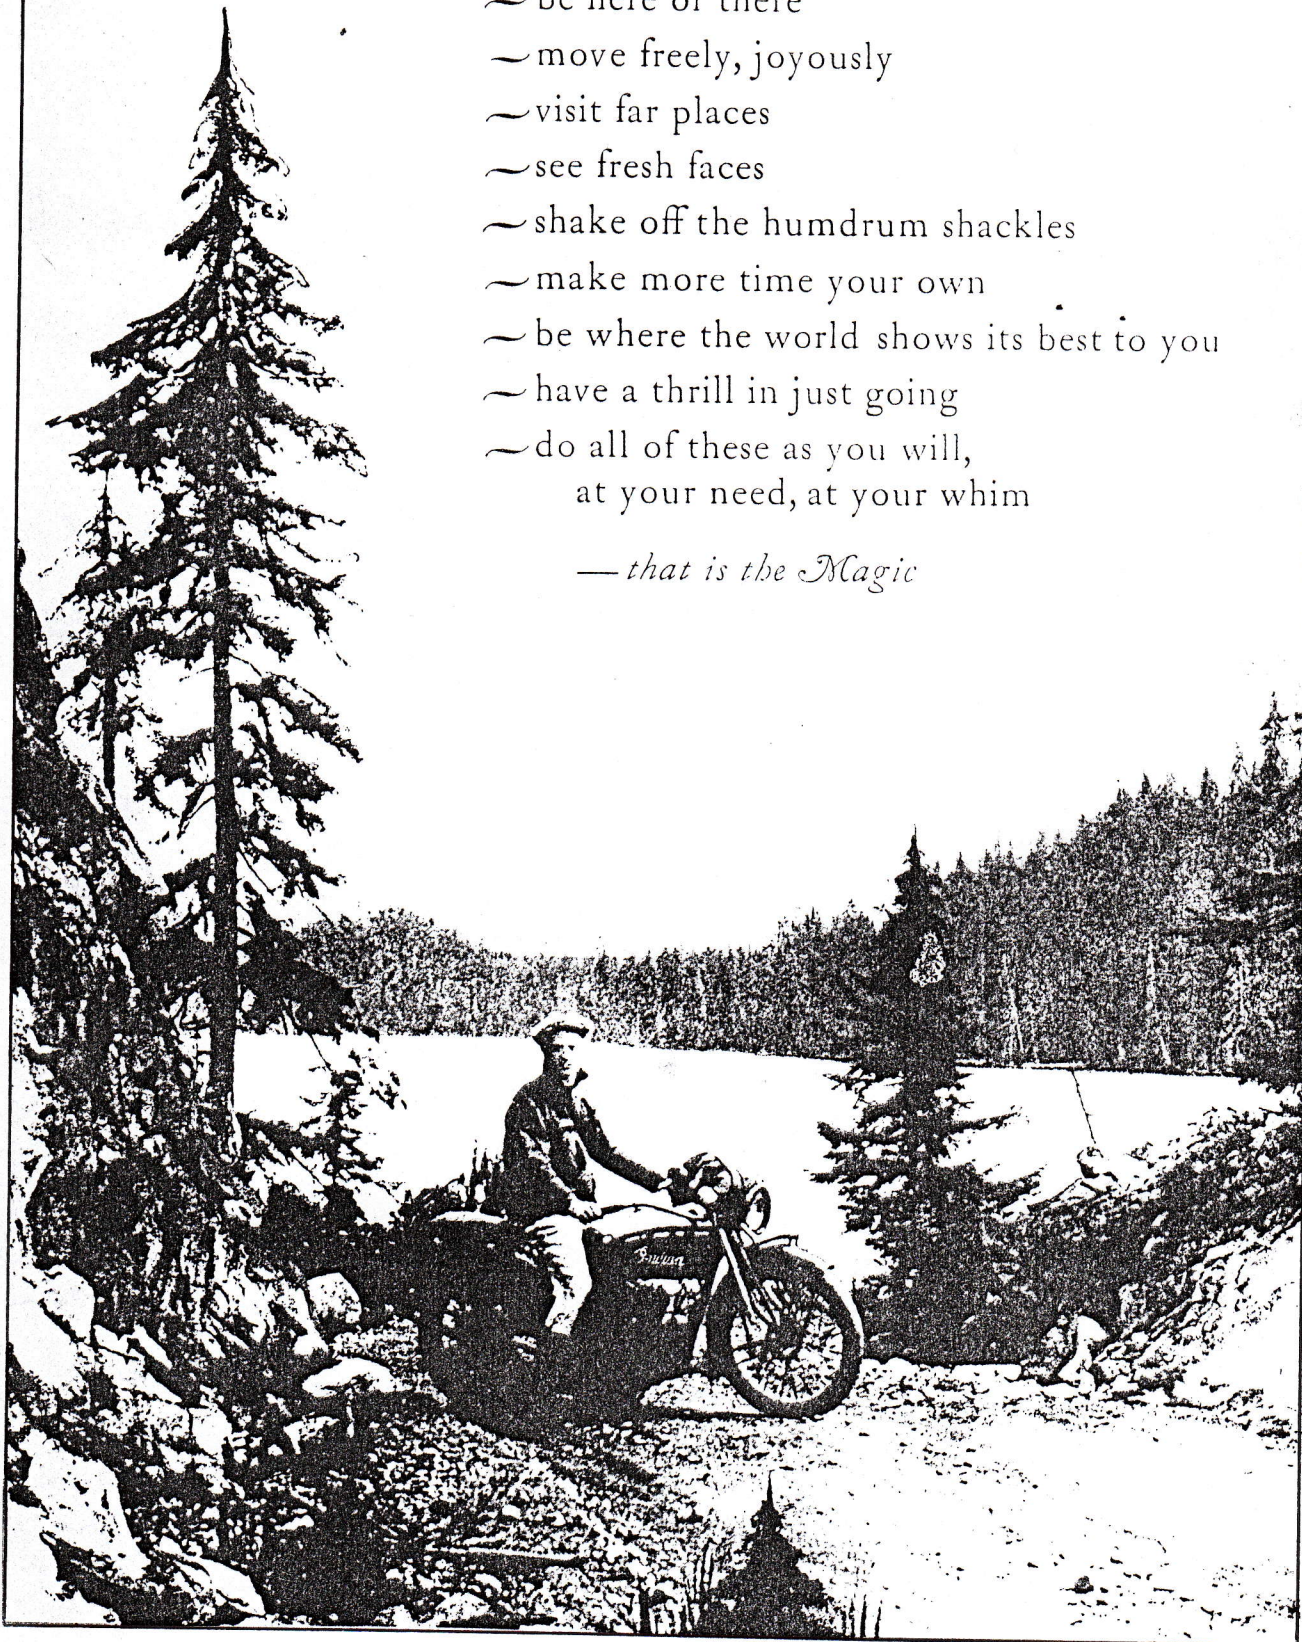

— make more time your own

— be where the world shows its best to you

— have a thrill in just going

— do all of these as you will,
at your need, at your whim

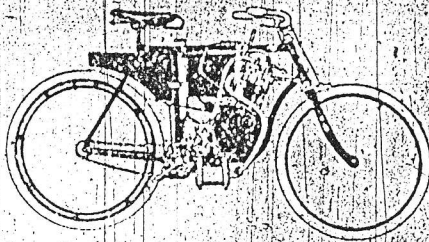

— *that is the Magic*

1902

AKRON, BEACON JOURNAL, MONDAY, JUNE 9, 1902.

Orient

Bargains in Orient's This Week Only.

Will be open evenings this week and will close out all wheels on hand. First come, first served. A first-class wheel for a little money.

H. S. SUMNER, Jeweler.

People's Phone 1411.
Bell Main 670.

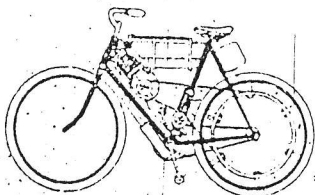

136 S. Howard St.

It is just amazing that Akron could have motorcycle dealers this early. Motorcycles were in their very infancy in 1902. The automobile was just a high wheel buggy with a tiller to steer it. Henry Ford hadn't been in business yet. Goodyear was only four years old. You would go to one of these motorcycle dealers, look at the sales pamphlets and order a bike. When it was shipped you went to the train station to pick it up, then uncrated it, put gas and oil in it and hope it ran.

XX Century Cycle owner Philip Wagner was 24 years old when he started the company. Philip, his six brothers, their sons and grandsons are synonyms with Akron area businesses to this day. Century Cycle dropped the XX when they got the franchise for Reading Standard in 1908, then Harley Davidson in 1909 and Thor in 1914. Later they sold motorcycles accessories and all kinds of sporting goods for many years.

footnote- there is a 1909 picture of Philip Wagner and his 6 brothers in the Harley Davidson chapter

Monologue

To the memory of my Mom and Dad my Wife who never said no when they should have.

Pap got me a tricycle and bicycle before I was old enough a motor scooter at 12yrs. old a motorcycle at 15yrs. old and my Mom worried about me for 55 years.

My Wife encouraged me to buy, trade and repair antique motorcycles, cars and mechanical things for 40 years and then keep them. Our 1915 Harley Davidson story is included here.

Ohio built Flying Merkel Motorcycles were a legend, old timers still like to mention them. They were built by the Miami Cycle and Mfg. Co. at Middletown Ohio from 1906 to 1914, named after its engineer Joe Merkel.

City Streets or Country
Roads are all the same to

THE FLYING MERKEL

Its unique Spring Frame construction means comfort on all roads, while the remarkable flexibility of the powerful ball-bearing motor permits speeding up from a city traffic gait to sixty miles an hour, by a twist of the wrist. For comfort, power, economy, reliability — ride the "The Flying Merkel."

1929 Akron Phone Book (Summit Cycle)
Charles Stark Shop. 728 S. High St.

Robert (Bob) Raymund was a old time motorcycle dealer, mechanic and skilled machinist from the mid teens to the mid 1960s. His shop on Thorton St.(behind his house) in Akron was a typical early 1900's operation. The shop had a large flywheel, water cooled hit and miss gas engine that ran a line shaft with a flat belt going to each machine. It was in an old wooden building full of bikes spilling out into the yard all for sale or trade. He was always smoking a pipe, soft spoken and trustworthy.

MACHINES TALK TO MACHINES?

With Ohio Bell's revolutionary new Data-
Phone data set, bits of information can be
"telephoned" from one machine to another...
anywhere in the country. Call Ohio
Bell.

Happy talk

...a long distance call
to someone dear!

Ohio Bell

AKRON BOY WILL RIDE IN CLEVELAND MOTORCYCLE RACES

HERMAN KRAFT.

Akron Men Will Ride in Cleveland's Motordrome

Expect to Capture Some Prizes by Fast Work—Herman Kraft and L. A. Bertele Are Among Those Who Will Represent This City.

This week will see the motorcycle racing game in full swing in Cleveland, at Luna Park, and will at the same time bring all the enthusiasts of this clean sport from every part of the country. The fact that the Luna Park Motordrome is the only quarter-mile saucer in the world, speeded to cover 120 miles an hour, is in itself an innovation in this line of sport, which is new to this community. The Akron Motorcycle Club will ride to Cleveland to look over the new motordrome and witness some exhibition riding on the same. While in Cleveland the members will be entertained by the Cleveland Motorcycle Club in its new club house, which has been luxuriously fitted up in a very auspicious place in Luna Park, compliments of the management.

George I. Kraemer will have charge of the new track. He is a motorcycle track expert and comes from Los Angeles' fine speedway to take the position. He has brought with him a number of riders of national reputation.

L. A. Bertele, one of Akron's fast motorcycleists, will mount a high-powered Flying Merkel machine. Bertele is considered one of the nerviest daring riders in the game. J. J. Robinson will straddle an Indian machine,

which has been speeded to 100 miles an hour. Henry Wagner and Herman Kraft, of the Harley Davidson camp, some more of the Akron boys, will help initiate Cleveland's new motordrome.

The capacity of the new stadium and motordrome is 30,000, with a concrete foundation and structure entirely of wood. The seats of the stadium are arranged above the track so that spectators can look down upon the racers at all times. The track is a one-quarter mile circle and pronounced the very best and safest of its kind ever built.

Races will be held every Wednesday, Saturday and Sunday evening under the sanction of the Federation of American Motorcycleists, which body, to the motorcycle world corresponds with that of the A. A. A. of the automobile world.

Pierre Marto, French champion, has been brought to Cleveland to do exhibition riding on the new track. "Dare Devil" Hunter of Los Angeles, will also be seen, together with a large number of the fastest riders in the country.

It is the plan of the management to have every famous rider of reputation of foreign countries at the track during the coming season, which represents an expenditure of \$50,000.

Motorcycle Races to be Held at Fountain Park

Fast Time is Expected to be Made When Riders Meet June 8—Many Entries Have Been Received and Others Will Follow Soon.

Arrangements have been completed for the races which the Akron Motorcycle club will hold at Fountain Park fair grounds, June 8. A large number of entries have been made and the prospects are that it will be one of the largest and most successful meets that have ever been held in this city. A number of fast machines have been entered and the chances are that those who attend the races will see some fast riding.

The meet is being held under the auspices of the Akron Motorcycle club and will be run with the sanction and under the rules of the Federation of American Motorcyclists.

The contestants in the race will use the tracks for practicing one week before the races are held.

The following are the rules that the meet will be held under: "Stock machines must conform with F. A. M. rules, but for the races specified on the entry blank they must be stripped of muffler, exhaust pipe, mud guards, stand and tool box only. Racing bars and special saddle may be used. Stock racers are not included in this classification.

Machines conforming with the

A CARD.
This is to certify that Foley's Honey and Tar Compound does not contain any opiates, any habit forming drugs, or any ingredients that could possibly harm its users. On the contrary, its great healing and soothing qualities make it a real remedy for coughs, colds and irritations of the throat, chest and lungs. H. L. Burquist, Esquire, Wis., says his wife considers Foley's Honey and Tar compound the best cough cure on the market. "She has tried various kind, but Foley's gives the best result of all." The genuine is in a yellow package. Ask for Foley's Honey and Tar Compound and accept no substitute. The Day Drug Co., stores.

above rules may enter any of the events, either open or stock.

All the machines not conforming with the above rules may enter the events marked "open."

The displacement limit for all machines is 30.50 cubic feet.

Entrants will report one half hour before the first event and be provided with track number.

Prizes will be awarded for all the races. The prizes are good ones and will go a long way as inducements for cyclists to enter the meet.

All persons contemplating entering the races are requested to make their entries as soon as possible.

The following is a list of the events that are scheduled and the prizes that will be awarded:

1. 5-mile stock, 30.50 cu. in. limit. Prize values \$12 and \$4.
2. 3-Mile open, 30.50 cu. in. limit. Prize values \$12 and \$4.
3. 10-mile stock, 30.50 cu. in. limit. Prize values \$15 and \$5.
4. 5-Mile open, 30.50 cu. in. limit. Prize values \$15 and \$5.
5. 10-mile stock, club championship, 30.50 cu. in. limit. Prize \$50 cup, which is to be kept in possession of the Akron Motorcycle club until it is won three consecutive race meets by the same person. Then it is given to him permanently. This same event will be included in each race meet held by the Akron Motorcycle club, after this date, and the name of the winner at each race meet will be engraved upon the cup.
6. 10-Mile open, 30.50 cu. in. limit. Prize values \$15, \$5, and \$3.
7. 1-mile stock novelty, 30.50 cu. in. limit. Prize values \$6 and \$4.
8. Half hour race, open, 30.50 cu. in. limit. Prize values \$25, \$10, and \$5.

1912

This race was sponsored by the first Akron Motorcycle club, with the Federation of American Motorcycle club rules now called the AMA. The Greater Akron Motorcycle Club of today was started in 1926 probably by some of the old club members. Fountain Park was the Summit County Fair Grounds then now called Old Forge Field.

Philip Wagner was owner of the Harley Davidson Shop in Akron in 1912.

AKRON BEACON JOURNAL

EVENING, JUNE 10, 1912.

YE MOTORCYCLISTS
MUST PAY LICENSE

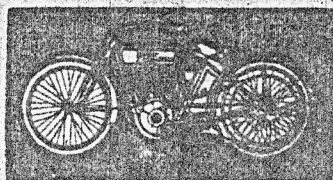

Pay or be Prosecuted is the Latest—Owens Means It This Time.

On Wednesday every person who owns a motorcycle and has not taken out a license since January 1 will be prosecuted under an ordinance recently passed by the City Council. Several warnings have been given motorcyclists to get licenses and William Owens, who has charge of the licenses, stated today that prosecutions would begin after Tuesday.

Owens will keep his office open until 9 o'clock Monday and Tuesday night to receive license money from those who are unable to go to the City Hall in the day time.

"While a number of motorcyclists have been paying their licenses, there are scores who have not yet paid," said Owens today. "There is no reason why these men should not take out licenses and I propose to enforce the law to the letter."

Highest up the Hill at Akron, Ohio, Climb

Two hundred and ninety feet of mountain, that is what the boys say about the Akron, Ohio, hill. And, as usual, when Harley-Davidson is on the job the big share of the winnings are in its favor. Bolinski, Harley-Davidson mounted, stretched the tape to 282 feet—highest up the hill.

Sixty-one Cubic Inch: First, Bolinski, Harley-Davidson, 280 feet; second, Andrews, Harley-Davidson, 275 feet; third, Sheller, Harley-Davidson, 265 feet.

Eighty Cubic Inch: First, Bolinski, Harley-Davidson, 282 feet; second, Williams, —, 270 feet; third, Oscar Lenz, Harley-Davidson, 265 feet.

Eighty Cubic Inch Consolation: First, Lamaigre, —, 267 feet, second, Loepker, Harley-Davidson, 253 feet; third, Moore, Harley-Davidson, 244 feet.

Eighty Cubic Inch Amateur: First, White, Harley-Davidson, 272 feet; second, Northrup, Harley-Davidson, 226 feet; third, Jones, Harley-Davidson, 222 feet.

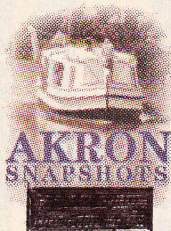

Patrolman's bike blew up during chase

Akron motorcycle patrolman Aubrey Mitchell found himself literally on the hot seat while chasing a speeding motorist on East Market Street in the Ellet area on Sept. 2, 1937.

As his speedometer hit 88 mph, Mitchell's motorcycle began to burn. The cause, he learned later, was a leaky gas line.

"I slowed to about 10 mile and jumped," Mitchell told the Akron Beacon Journal "The flames were jumping around my legs and under the seat, and I was in a hurry to get off my machine."

The motorcycle came to rest near Dead Man's Curve, burned for a few moments, then was destroyed when its gas tank exploded. Mitchell was unhurt. The speeder got away.

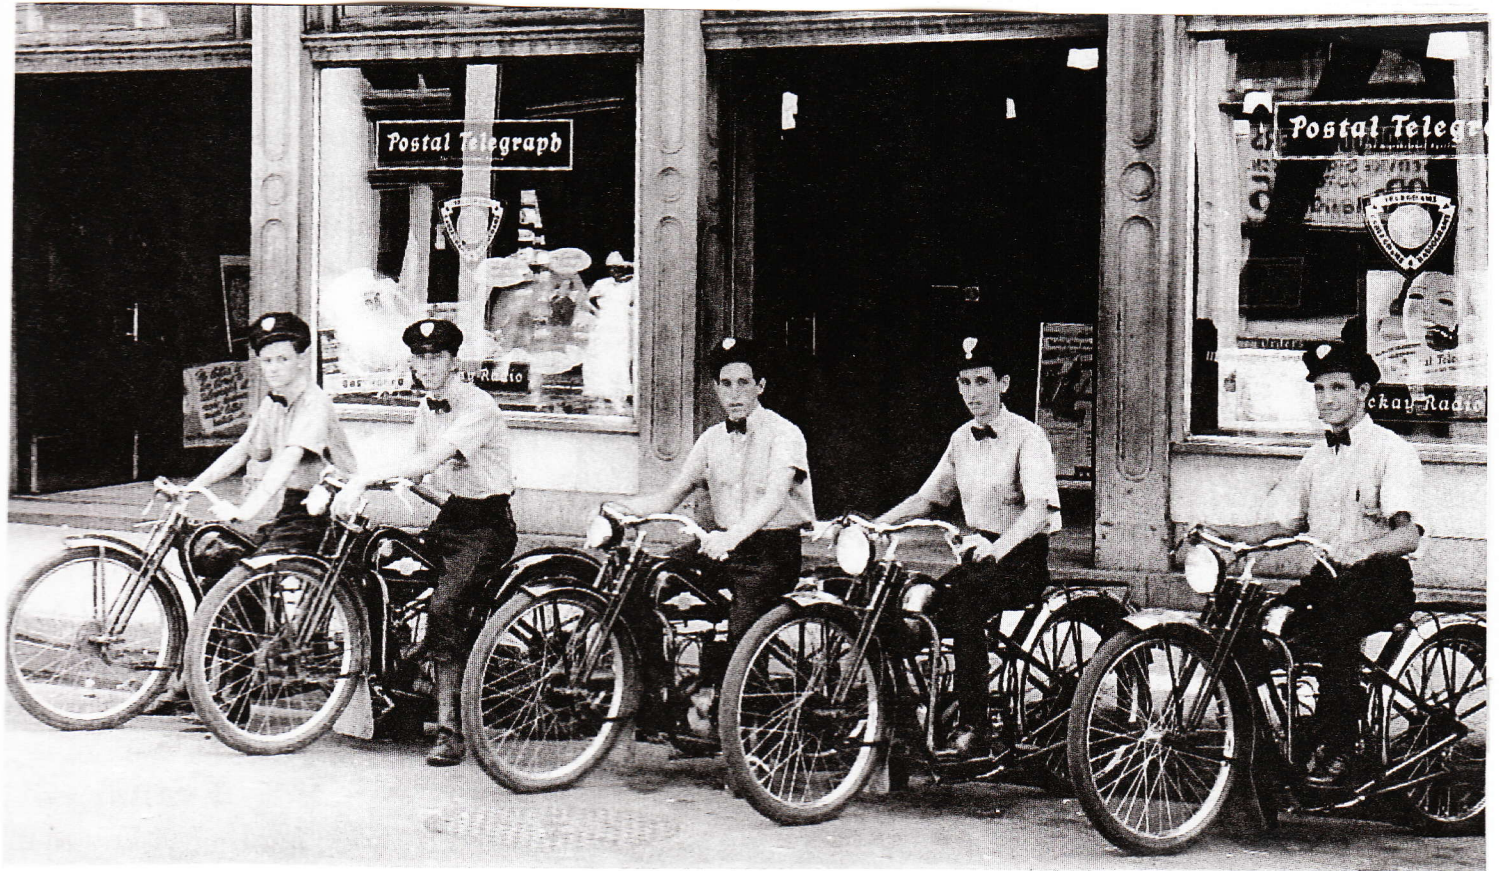

Klages Ice & Coal On S. High St. Akron used these factory built Harleys for ice delivery in the 1920s & 30s.

Motorcycle Squad Is Ready For Emergencies

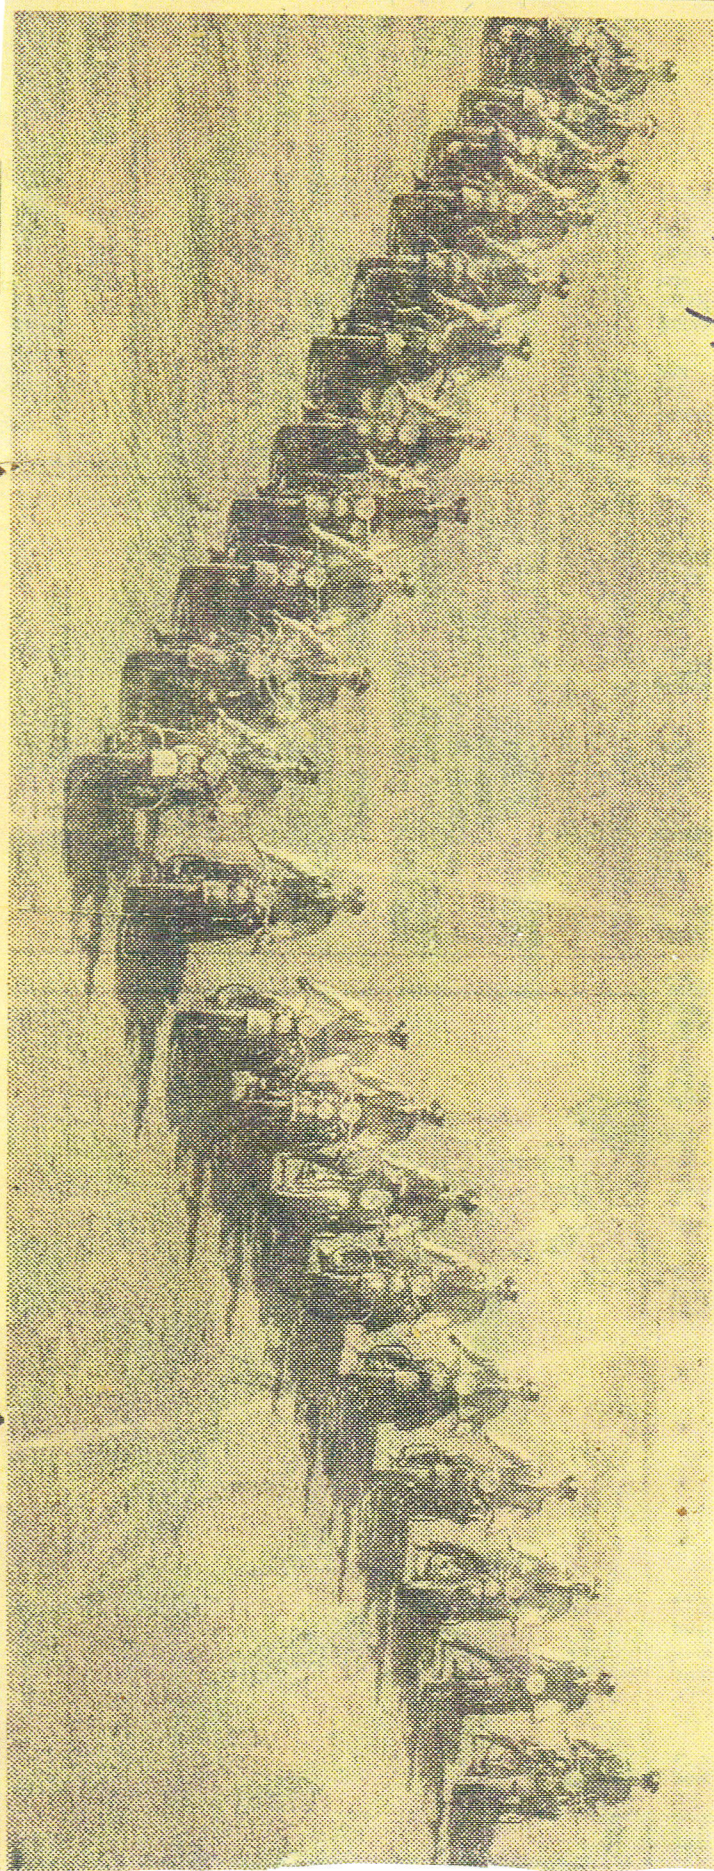

Ready to hop on their cycles and speed to any emergency which may arise in connection with the national defense when summoned by police authorities, are these young men who have recently formed a motorcycle squad known as "the Akron Motor corps." The organization is limited to 25 members. The men are, seated, Capt. Gerald Pershing and Major Vito Sgaraglino. Standing, Commanding Corp. Victor Descutner, First Lieut. William Smith, Second Lieut. Jim Stewart and Sergt. Walter Hay. The corps takes part in the motorcycle carnival west of Manchester today.

The Akron Motorcycle Corps During WW II, Gerald (Speedy) Pershing was an Akron Motorcyle Policeman

1941

AKRON MOTOR CORPS PERFORMS INTRICATE TRICKS

Forms 'V' In Practice For Kent Celebration Sunday
1941

One of the units that will take part in the big defense day parade and celebration Sunday at Kent, the Akron Motor Corps, led by Maj. Vito Sgaraglino, maneuvers into this huge "V" in a practice session on the turf at Rubber Bowl. Attired in snappy uniforms, the corps members will perform intricate maneuvers at the Kent celebration.

March, 1942

The Akron Motor Corps, instigated by a former member of the Victor McLaglen Motor Corps, as they attended a Red Cross meeting and prepared for Civilian Defense.

Akron Motor Corps *in Civilian Defense*

Story continued
on next page.

This story tells how the Akron Motorcycle Corps got started in Civilian Defense during WW-2. More pictures on the following pages.

AKRON, OHIO, is right up to the minute when it comes to organized motorcycle riders for Civilian Defense. The Akron Motor Corps was formed long before any Civilian Defense Units got under way. We started out to be a drill and stunt team such as the famous Victor McLaglen Motor Corps in Los Angeles, California; but the need for mobile units such as ours, due to the present emergency, has caused us to devote most of our interest towards Civilian Defense work. Before I begin to go into detail about the duties of our corps and how it functions, I would first like to tell you how it originated.

Back in 1935 there was a motorcycle rider here in Akron who took great pride in wearing very neat riding attire and in keeping his machine right up to the minute in its appearance even though it was an older model. His name is Vito Sgaraglino. A few years later Vito got married and took off for sunny California. After being out there a short time he learned of a group of riders that were right after his own heart, that is an outfit that really dressed neat and kept their bikes clean. They are known as The Victor McLaglen Motor Corps. Being fascinated by such a fine corps as they are, the Akron boy submitted his application. Later he was taken into the corps and remained a member until the spring of 1941 when he and his wife returned to Akron. After arriving back in his home town he looked up his old buddy, Speedy Pershing, and told him all about the wonderful outfit that he was a member of and how they operated and all the possibilities a club of that caliber would have in Akron.

After giving the idea of forming a similar unit considerable thought, Vito and Speedy started out to personally interview the best twenty-three riders they could find in Akron. It did not take long to convince the boys after hearing Mr. Sgaraglino's story of his experience with the Victor McLaglen Motor Corps. A sufficient amount of fellows were obtained and thus was the beginning of the Akron Motor Corps. Officers were then appointed as major, captain, first lieutenant,

second lieutenant, sergeant, and corporal. Then the fun began. Every Sunday morning at nine o'clock we reported at the Firestone Stadium for drill and stunt practice. It wasn't long until we became known about town and our appearance was being requested.

Our first appearance was September 21 at Pardee Park, only one month after our first drill, to perform before the Harter for Mayor Club. We really put on a fine show, even better than we usually did at our drill sessions at the Firestone Stadium which is much smoother. Lucky it was that we did make a good showing for Mr. Harter is now Mayor of Akron and he thinks quite a lot of the Akron Motor Corps.

The following Thursday we led a funeral of one of our own boys who passed away due to an operation. His name was Jerry Hyden. Sorry to say but Jerry never got to see us fellows in uniform, for he was in the hospital at the time they were being issued. He was also a hero in the U. S. Navy in his younger days. Besides the corps there were many military officers who associated with Mr. Hyden and complimented us on our fine formation to and from the funeral.

Sunday, September 28, we put on our show at a field meet before one hundred and fifty motorcycle riders, which was sponsored by The Akron Aces Motorcycle Club.

Then came the big show. It was really our first one where we had a perfect place to do our stuff. It was the evening of October 15 at the Rubber Bowl before a professional football game between the Columbus Bulls and the Cincinnati Bengals. There were approximately twenty-five thousand spectators who witnessed our intricate maneuvers and drill formations. We also performed many exciting stunts.

Our next showing, October 16, was a parade celebrating the reopening of the North Hill Viaduct in Akron.

We were then invited to appear in the Kent Defense Day Parade at Kent, Ohio, October 19. It was a tremendous parade which took one hour and twenty minutes to pass without stopping. At this parade we had plenty of room to go into our various formations which made quite a hit with the crowd according to the applause we received.

The riding season being over, we started a Red Cross First Aid course, hoping that some day we can become a Red Cross mobile unit such as the Ohio State Highway Patrol and the Summit County Sheriffs of Akron have. We are well on our way toward having the authority to carry the Red Cross emblem on our machines. To date we have completed our twenty hour primary course and have only ten more hours of advanced training to become a mobile unit.

We are also being trained along military lines and have our headquarters at the Stone Shelter House at Derby Downs where the All-American Soap Box Derby has held their final races. The shelter house is an ideal place for us because it is right next to the Rubber Bowl and the Akron Airport which is our place of duty in case of an emergency. Besides having the Rubber Bowl for our shows, we have an indoor pistol range right in the same building as our headquarters.

Our machines are all painted black and white in a uniform manner and carry the necessary equipment such as first aid kits, fire extinguishers, flashlights, etc.

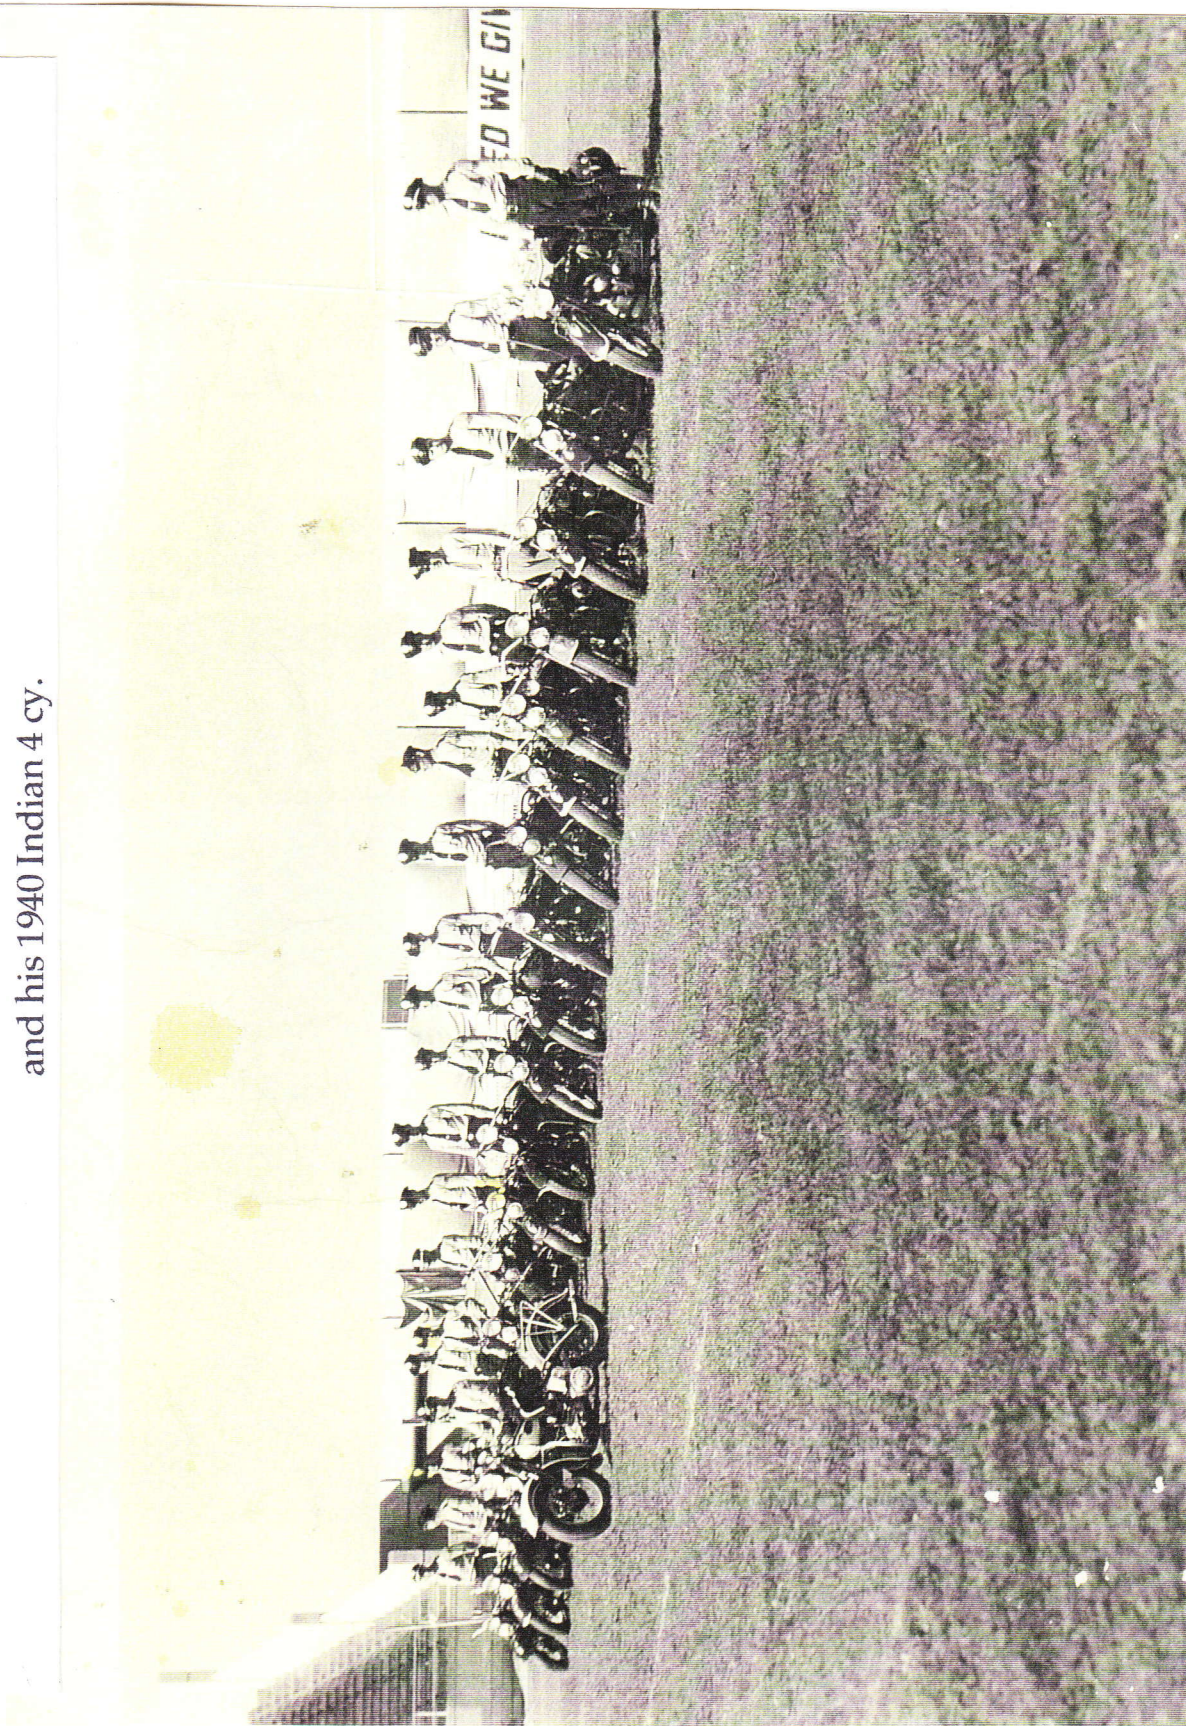

Thanks for all the above to our Major Vito Sgaraglino from the Victor McLaglen Motor Corps from which he received his training.

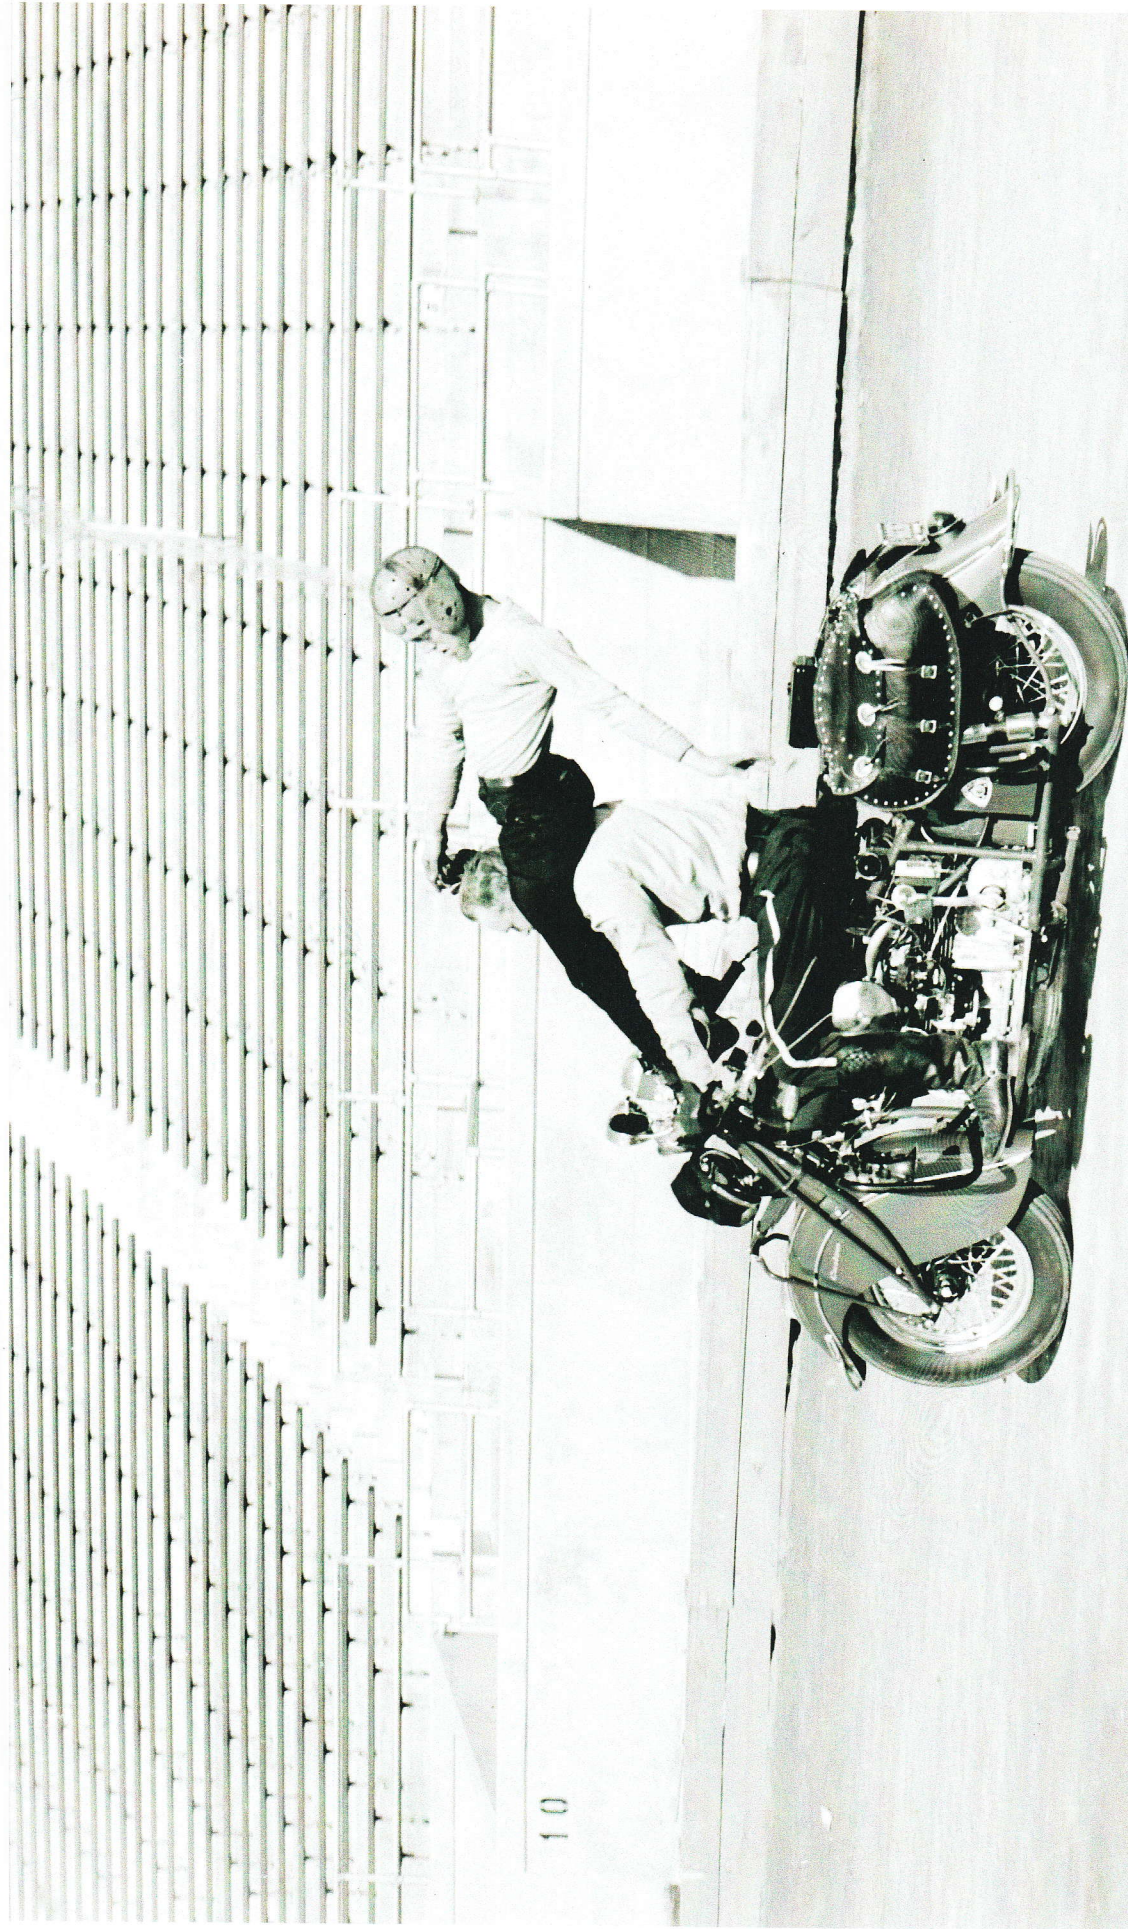

The MOTORCYCLIST March, 1942

He was 23 years old and was Gerald(Speedy) Pershing's best friend.

1941 Sunday September 28

The Akron Aces sponsored a all make motorcycle field meet. Over 150 motorcycles showed up and watched the Akron Aces put on their Drill and Stunt program. L-R Vito Sgaraglino, Ivan Woodfort, and Scotty Stewart.

AKRON, OHIO—The Greater Akron Motorcycle Club consists of 75 members of which 15 are in the armed forces of the United States. This club is not a new club by any means but has neglected sending in any news for so long that one might think it is. Our A.M.A. charter is No. 80 and all our members belong to the A.M.A. also. The officers of the club are: Bill Brown, Pres.; Matt Kuts, Vice Pres.; Dick Carver, Secy.; Jim Hagarty, Treas.; Glenn Herring, Sgt. at Arms. On the activity committee there are Bill Brown, Hal Hagarty, Jim Hagarty and Dick Carver.

The past season has been a most active one, even though we could not put on our annual Hillclimb at Mt. Peninsula and go to all the race meets of the pre-war days. We have occupied our Sunday afternoons by stump-jumping, as the boys call it, or in other words a good ol' mud run with lots of mud, having picnics, field meets and short overnight runs.

Oct. 3 the Club is having another picnic

and field meet which we all hope will turn out as successful as the last one on Aug. 30. Fred Cook has made arrangements to hold it the same place as it is just a ten-minute ride out of town and facilities for such an outing are available. Twenty-five members attended the picnic on the 30th of August. After eating all the chicken sandwiches and drinking all the beer we could hold we played a nine inning game of baseball. The "Shirts On" vs. the "Shirts Off." The bareskins lost. Then a series of events began which were an apple biting contest, obstacle race, slow race and a tail spinning contest. Del Blake, a former famous T. T. rider, who now wears an artificial leg due to an accident on the highway, won the Tail Spinning contest on Paul Ringler's "61."

Jim Bedard and Clarence Turner have just subscribed to the Motorcyclist for the first time. They hadn't realized before what they have been missing.

—Dick Carver, Secretary.

AKRON MOTORCYCLE CLUB, AKRON, O.—Hi, pals, in the armed services. I hope that you are perking 100% and have the time to read this little letter from your old home club. The boys have a brand new stunt that they call "stump jumpin'." Here's the way it goes. They pick out a trail through the woods, with some plowed ground to give variety, a few creeks thrown in to relieve the monotony if any, and some hills so steep that no self-respecting horse would attempt to descend them unless a block-buster went off within six inches of his tail. Yes, it's tough on both man and machine, this stump jumpin'. Some of the boys have old junkers that they save for this sport only, and it has caught on so keen that there are fellows who have been known to skip church on Sunday to go stump jumpin'.

AKRON, OHIO.—The Greater Akron M.C. of the good old Rubber City is perking better than ever now. We have lost several members to the services but we have gained enough new members to compensate for those gone. Talking about perking better than ever will go for our bowling as well. Yes sir, the boys on the team have really got a reason to throw their chests out. The other night they beat the highest team in their league all three games, and that is sumpin'.

October 29th the club enjoyed a swell time at the White Rooster Tavern. It was just one of those occasional get-togethers that we all look forward to. It was originally planned to be a masquerade as it was the night before Halloween but only one person came masked and what a gal she was! She could jitterbug, rumba and waltz better than anyone else. She was really the life of the party until her mask fell off and exposed a real goatee and mustache! Even though there was a sudden change of sex the boys still had a good time dancing with Louie Hogler. They said that they suspected the feminine character to be either a Tomboy or a "just boy" because of those somewhat hairy legs that "she" was so proud of. Our good member Fred Cooke furnished the entertainment. Fred used to have one of the best traveling Hill Billy bands in the country. He has made arrangements for another similar affair before he starts out traveling again—only this time his traveling will be with the Navy.

This month we have two more members, Del Blake and Al Nere, to put on our Motorcyclist subscription list. Also a former member, who is now the Ohio State T.T. champion kicked in with two bucks for a year's subscription. His name is Otmer T. Gandee, the big 275 pound wonder rider. Sometime in the future we will have some more about this "racing Elephant" and maybe a picture, too.

GREATER AKRON MOTORCYCLE CLUB, Akron, O.—Hello, gang. First, meet our newly elected officers for 1944. They are: Matt Kuts, president; Jim Brown, vice-president; Dick Carver, secretary, and Jim Hagarty, treasurer. Brown and Carver were re-elected to their jobs. Our new president, Matt Kuts, was awarded the Jerry Hyden Memorial Trophy, as the most popular member for 1943.

Following our big roller skating party, we followed up the next week with an ice skating jamboree at Iceland, Akron's indoor hard water academy and the boys really had themselves a time, with their amazing contortions on the gliding blades.

Motorcycles Going Up

That vicious whining like a gigantic angry beehive out in Peninsula's placid countryside was the noise made by 12 men trying to climb a hill.

It was the annual hillelimb of the Greater Akron Motorcycle Club.

They were playing host to 12 daredevil Sunday barnstormers from Ohio, Pennsylvania and Michigan, out to vie for a \$350 purse and points toward

qualification in the national hillelimb in Michigan next month.

With their hopped-up machines the riders go from place to place each week—every time trying to manhandle two careening wheels and a bundle of explosive, erratic power up some impossible hill in as little time as possible.

This was how it looked in Peninsula's almost-vertical mid.

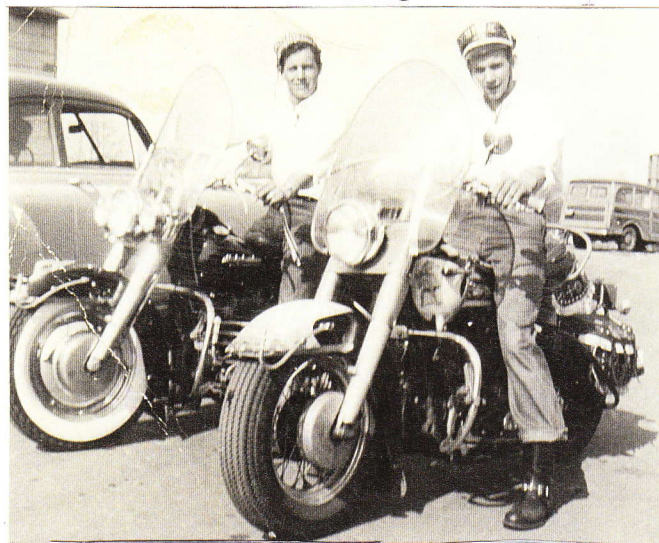

Between the bottom of this Peninsula hill and a tape below its crest are 220 of the toughest feet anywhere for motorcycle hill climbers. His bike raising a plume of stones and mud, a rider struggles up them.

There must be something about growing up in East Akron that puts that want to go fast and beat the guy on your motorcycle in to a person. What ever it is the Smith Boys came from a long line of guys that had it, maybe Arlington St. with its long straight stretch of road leading out of town had something to do with it. Every generation from the teens to the 70s & 80s there were guys with it, Wagner Bros., Lou Bartelee, Ott Gandee, Bobby Miller, Speedy Pershing, The Wordens, Chuck Wahl, Stewart Bros., Earl Givens, Mike Hosafros, Bob Newman, Buck Boals the list goes on. Their stories would fill a book.

With the Smith Brothers it has been a life long adventure, they developed a vast knowledge of how to make their many motorcycle, Bikes, Scooters, Gocarts and you name it to go faster and run better. Besides providing good homes for their families, they never lost that competitive spirit even in their 60s and 70s.

Pat and Don Smith started this Kart Shop at 1349 East Ave in the 1950s they built up a good reputation selling, repairing and tuning Karts. Honda approached them with a offer for the first exclusive dealership in the area. there was some animosity from the guys with other makes of motorcycles and a little bit of sabotage when they paid \$5,000 and sold the first Honda sold in Akron. Pat & Don had little bit of hard feelings when Honda turned around and sold more dealerships in Akron.

About this time they changed the name of the shop to Akron Motorcycle and started handing BSAs., Nortons and Ducati. Closing the shop in the 1960s and continuing their full time Mechanic jobs and part time racing. (cont.)

1950s When they started their shop they would buy,sale and repair lawn mowers along with Karts.

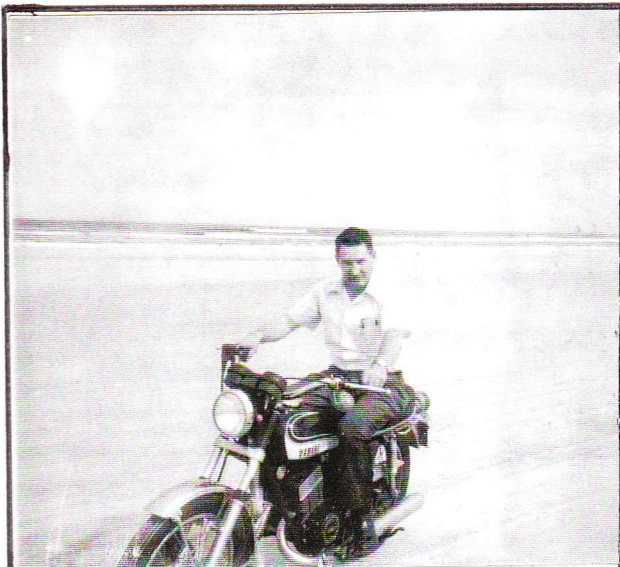

1960 L-R Young Don and Pat Friend Dale Leaky.

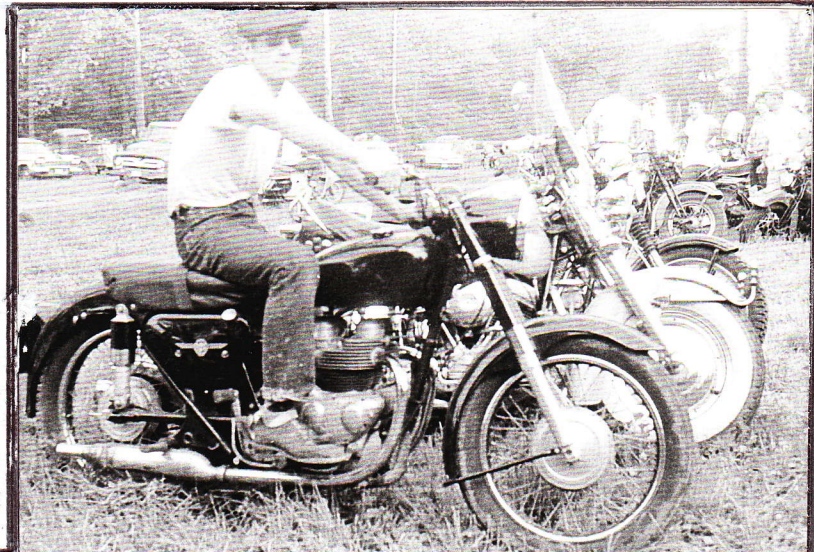

1961 Don Smith and Son Ken at Barberton Fri. night Kart races,he raced at all the Kart tracks and never lost a race except when he went back to help a broke down Buddy.

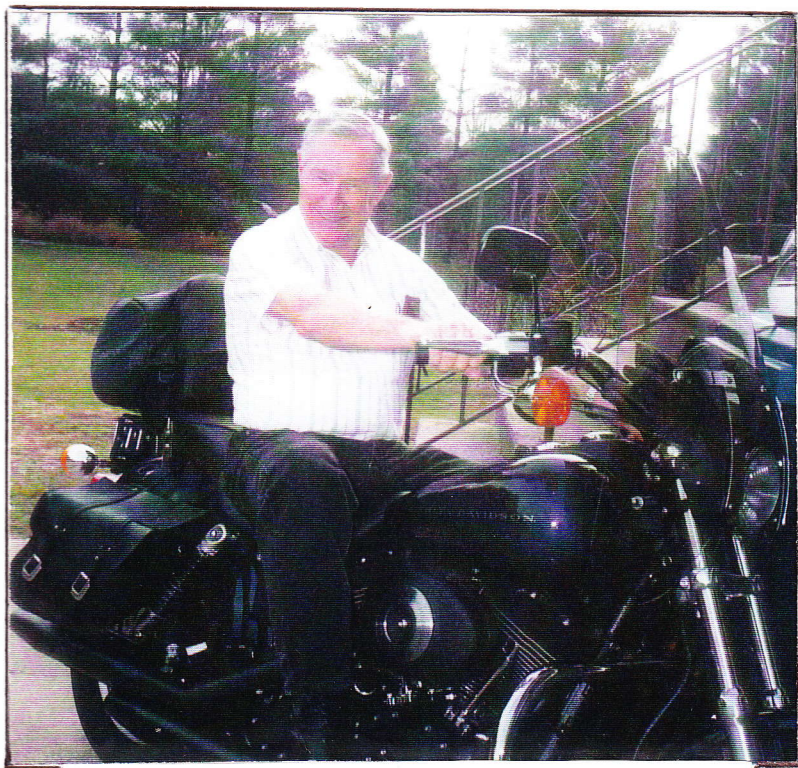

1959 This black CA 95 Benly Touring 150cc was the first Honda sold in Akron(some people called it a Dream). Dons Father-In-Law Walter Park finally bought it just to to make a sale,then he got to really like it.

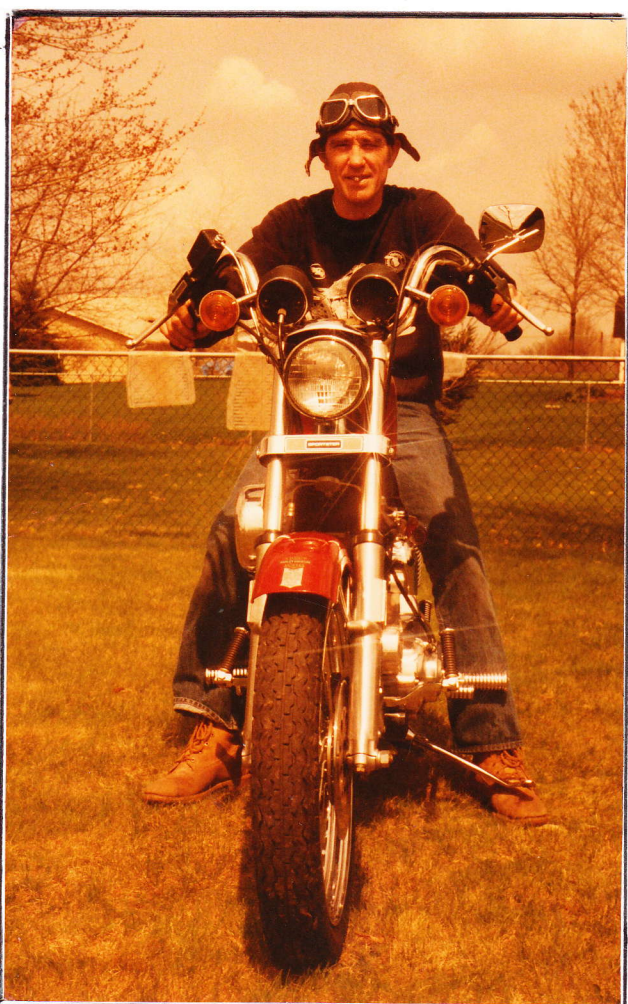

1970s Pat on his new Yamaha
runing on the beach at Daytona.

1970s Don on his modified AJS at Peninsula
race track.

1980s Pat on his souped up Harley.

1980s Don on his racing Sportster.

L-R Don and Bud Smith, in the mid 1960s Don and Bud decided to do some racing in California. Here they are on their Dirt Track Racing Bikes in the Sanbirdine Mts. Don got into drag racing out there also, he set a national record with his 250cc single cylinder Ducati of 114mph using 90 percent nitro and a masterpiece in modification according to Cycle Magazine. They also said if they had not seen him do it twice they would have never believed it.

Don and Pat in their mid and late 60s still at it. Pat said after he flopped his bike doing over 100mph and latter injuring his shoulder doing Karate he might slow down. Then he bought a new Harley and put high preformance parts in the motor. Don will never quit fixen things.

She also attends Pony Express planning meetings around the U.S.

Pony Express rides into Akron

• National tour raises funds for breast cancer research

BY BETTY O'NEILL-RODERICK
Special to the Beacon Journal

The party: The Pony Express Tour '98 roared into Akron Wednesday evening to a warm welcome at the Greater Akron Motorcycle Club. The National Ride for Breast Cancer Research began June 20 in St. Joseph, Mo., at the stables of the original pony express. After traveling a general clockwise path around the United States and Canada, the motorcyclists will participate in closing ceremonies at South Fork Ranch in Dallas on Aug. 16.

Club President **Joe Dapice** and his wife, **Rhonda**, along with club members and Women in the Wind members, lined the driveway and applauded as the motorcyclists arrived at the "Greet the Tour" celebration.

Consuming passions: The regional coordinators for the tour, **Bill and Tina Bond**, said Todaro's Party Center donated chicken and Joe's Auto Shop donated salads and pop to feed the hungry crowd. **Leon and Colleen Rumschlag**, **Angie Johnson**, **Keith and Cheryl Kato** and **Roy Ott** all had high praise for chefs **Bill Pugh** and **Tod Fisher**, who cooked and served barbecued chicken dinners, assisted by **Judy Ott** and **Lisa Fisher**.

Spotted in the crowd: Enjoying the event were: **Sue Clark**, **Deb-**

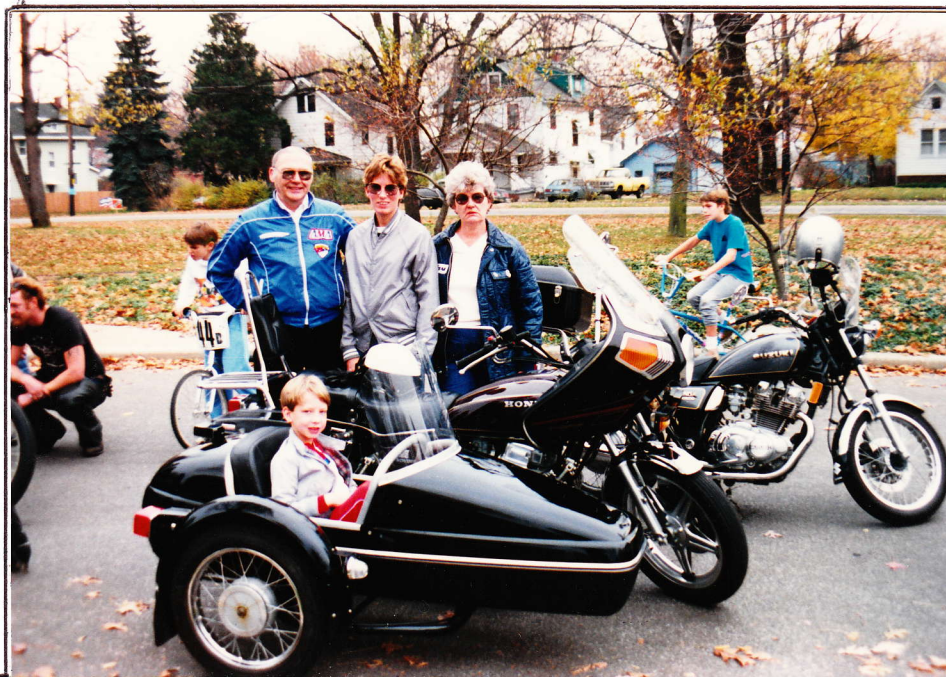

bie Tenney, **Sue Slate**, **Susan Buck**, **Gerry Evans**, **Bob Barrett**, **Elizabeth Burke**, **Peggy Harri-**
gan, **Keith and Norma Fletcher**,
Steve and Missy Strait, **Bonnie**
Milec, **Buck Lair**, **Bob and Mary**
Jane Englund, **Woody Wood-**
ward, **Larry Steele**, **Jack Morris**,
Norma Starts and her dad, **Pat**
Starts, who has been a club mem-
ber for 60 years.

Memorable moments: **Scott**
Munson presented a check for
\$1,000 from the Outreach Commit-
tee at St. Thomas Episcopal
Church in Berea, bringing the to-
tal raised on this leg of the tour to
\$13,000. **Travis Milner** said the
tour has raised \$478,000 so far for
the Susan G. Komen Breast Can-
cer Foundation, and they expect
to top \$500,000 before the end.

The medallion is passed: Prin-
cipal riders carry a four-part me-
dallion, designed by metal artist
Cheryl Stewart. The medallion is
then passed along to local princi-
pal riders at each stop along the
way, in a moving ceremony, re-
membering those touched by
breast cancer.

Chuck Ehrichs Goldwing and his deluxe all weather convertible sidecar, nothing is to good for his Wife (Maria Teresa Martins da Silva Ehrich) of Portuguese decent, A very nice pleasant Norton Oh. Lady, They injoy riding to and from many of the large national Motorcycle Meets.

Linden and Barbara Wolf of Norton with their Grandsons and their rare Honda Automatic 750 c.c. Four Cylinder with a sidecar. Their Suzuki 450 c.c. Automatic Two Cylinder in the back ground. They belonged to the Retreads Motorcycle Club.

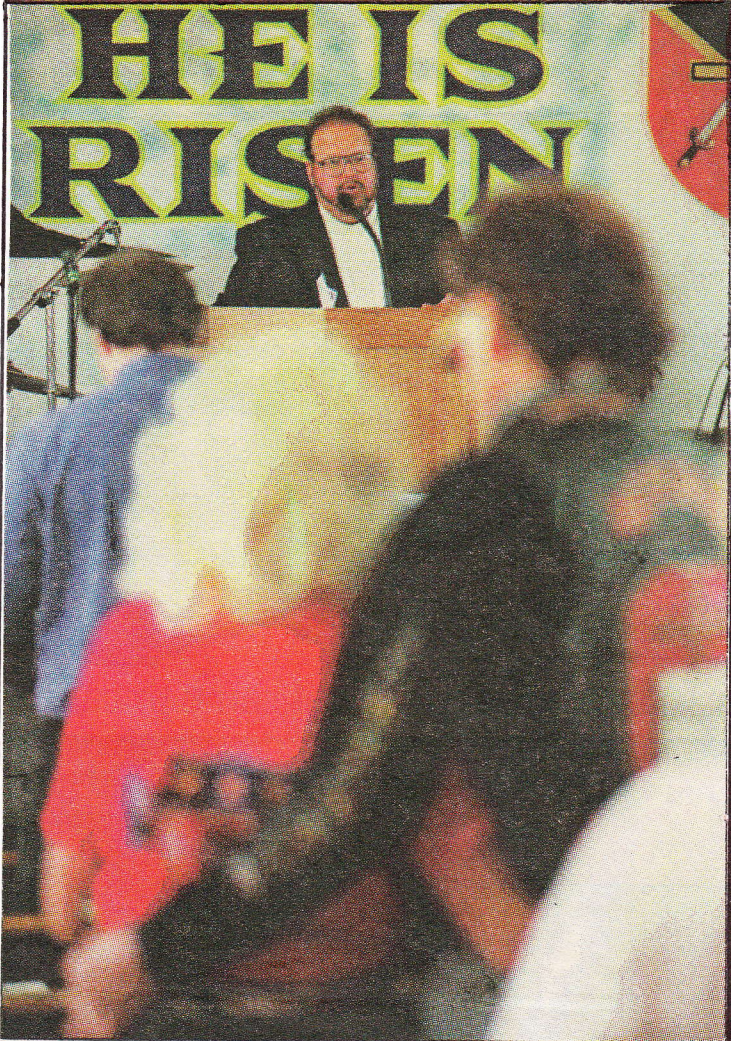

2000
Two good old time Greater Akron Motorcycle Club Members from the 1930s, 40s and 50s L-R Sam Hoy and Karl Mace.

Greater Akron Motorcycle Club Member Debra Tenney with help from her Daughter Cam Jellison made this quilt from the previous years patches for the year 2000 Centurion 28 annual Poker Run, in doing so she discovered it was actually 29yr run.

Greater Akron Motorcycle Club 20th. annual Centurion Poker Run, in the back ground is their Club House on Smith Rd. The Centurion Run soon out grew Their grounds, by 2000 there were almost 1,800 people participating in the run.

Akron Bible Church founder and senior pastor Howard Duma delivers his sermon during a Sunday-morning service. Founded in 1980, the nondenominational church now has a dozen ministers.

Biker bunch has the spirit of the season

If you thought you saw me pouring into a bar about noon yesterday, your eyes weren't playing tricks.

But lest you go around spreading half-truths, I want to share the rest of the story.

For starters, it wasn't *spirits* I was after, but spirit.

I found it, too - 10 score; smack dab in the middle of Akron's Main Street Saloon amid an army of men and women in black leather and jeans.

Some even had tattoos.

But they also were, as I was reminded a time or two, "brave, saved and well-behaved."

No Fuzzy Navels did they drink. In fact, bar owner "Big Dave" Kennamore made sure no alcohol was served.

But theirs was a warm and fuzzy mission to be sure. Each

brought a new toy destined to make some poor child's Christmas merry and bright.

Terry Torok - director of Akron Bible Church's motorcycle ministry, which organized yesterday's giant Toy Run - brought me up to speed:

"Our mission is to reach out to the unsaved bike community and to do inner-city evangelism."

Yesterday's 7-mile Toy Run - piloted by Akron police escort through downtown Akron - was part of that.

A special church

"That's showing Christ's love," Torok said. "Our motto is 'To win the lost at any cost.'"

The little nondenominational church at 783 Brown St. boasts about 200 members.

"We all have been delivered from drugs and alcohol," a pony-tailed Torok said. "Some are ex-offenders, ex-prostitutes. Some are suit-and-tie folks and some are street people."

"There is a lot of zeal. Many lives have been radically changed. So, our people are excited and actively involved in doing the work of the gospel of Jesus Christ."

Akron Bible Church - pastored by Howard Duma, also a biker - sponsors a jail and prison ministry that even transports local families to visit their incarcerated loved ones.

The church also runs a coffee house - Hope Cafe; two Christ-centered drug and alcohol treatment programs; and a nursing home ministry.

Member John Wiseman operates two residential facilities for men and women who have been locked up several times. "We love them where they're at, teach them a different way and follow up with them," said Torok.

Penny - a dark-haired woman with a troubled past - shared her story: "From 1989 to 1996 I had been in and out of jail 29 times, mostly for misdemeanor crimes. I was an alcoholic and a drug addict."

"Every time I would go to Bible service they always welcomed me and showed me love," she said of ABC's jail-house chaplains.

Having tried everything else, Penny decided to try Christ when she walked out of jail in February of '96: "That has made all the difference in the world . . ."

A better future

"I have been married for two years now to a wonderful man . . . I now work part time at the Hope Cafe and I'm also a chaplain at the jail, praise God, ministering to some of the same women I used to sit with in jail," she continued.

"I have a future now and I have dreams. My biggest is living for Christ."

Money raised at yesterday's event - which included the raffle of a 1999 Harley-Davidson motorcycle - will buy 1,000 food baskets for delivery to the city's neediest citizens for Christmas. The toys will be dropped off then.

The group sold 3,000 raffle tickets at \$10 apiece.

"We see this as an avenue to show Christ's love," Torok said.

"We make the deliveries ourselves and proclaim the gospel of Jesus Christ. Many are saved right then."

Some of the biker clubs participating in the Toy Run included Big Wheels, Greater Akron Motorcycle Club, King's Kids, Righteous Riders, Sons of God, ABC, as well as a few independent riders.

It just goes to show that those who traveled a long time on the wrong road can find real joy traveling the King's highway.

**MOTOR CYCLE AND
AUTO CAME TOGETHER.**

J. C. Welmes of 260 James street and Harry E. Loomis of 628 East Buchtel avenue collided on Buchtel avenue Sunday night at 7:20 o'clock, when Welmes was riding a motor bicycle and Loomis was traveling in his automobile.

The accident occurred at Sumner street and resulted in Welmes being thrown violently to the ground. No bones were broken, however, the most serious injuries being severe bruises on the thigh and foot. He was taken to his home by Mr. Loomis in his automobile, and Dr. George Rankin attended to his injuries.

July 1910 the first fatality involving a motorcycle in Akron

AKRON BEACON

AKRON, OHIO, SATURDAY EVENING, MAY 25, 1912.

MANSFIELD DIES FROM HIS INJURIES

Thrown Against Curb When
Machine Skids—Collar
Bone Broken.

As a result of injuries which he received by his motorcycle skidding yesterday, Peter S. Mansfield, 27, of Martin Place, died at the City hospital this morning.

In attempting to make the turn at the corner of Bowery and Bell streets

yesterday, Mansfield's motorcycle skidded and threw him against the curb. He was picked up by some men who were standing near where the accident occurred. Billow's ambulance was called and he was removed to the City hospital, where it was found he had broken his collar bone and received internal injuries that were serious enough to cause his death.

The victim of the accident is a member of the firm of Mansfield & Son, cement work contractors. He is married and is survived by his wife and one child.

He purchased the motorcycle about one year ago, greatly to the displeasure of his wife. She told him at the time that he would get hurt on it.

March 1955 three men on one motorcycle killed, one of the most tragic motorcycle accidents in Akron history

Motorcycle Crash Kills 2

THE CYCLE FIRST HIT THIS CAR, OWNED BY WILLIAM DOSSETT.

WENT INTO THE AIR, LANDED ON THIS CAR, OWNED BY STEVE GOLD.

AND DROPPED TO THE ROADSIDE, TWO OF ITS RIDERS DEAD

Third GAC Employee 'Critical'

3-Way Collision On S. Arlington

Two Goodyear Aircraft Corp. employees were killed and a third was injured critically about noon today in a motorcycle-car collision at S. Arlington st. and Burna Vista dr.

The victims were on the cycle and parts of their bodies were scattered about the area. A veteran ambulance driver described the scene as the worst he had ever witnessed.

THE DEAD were identified as:

Arthur Bush, 28, of 129 Campbell st., and Clyde Forest Block, 35, of 1424 Nutting rd., Apt. 500.

The injured man was Richard Parrott, 36, of 341 Sherman st. Block was the cycle driver.

The automobile driver, William H. Dossett, 300 S. Arlington st., was to be charged for failure to yield the right of way, Deputy Sheriff Clyde Clark said.

CLARK SAID Block's cycle struck the car's right rear when Dossett was turning left into Burna Vista. Dossett had been driving south on Arlington st., and the cycle was headed north.

The cycle was hurled into the air and landed on a car driven by Steve Gold, RD 1, Killian rd., Uniontown. Gold had been travelling behind Dossett.

Clark said the cycle's speed was believed to have been moderate since it traveled only 117 feet from the point of impact. The body of Block was pinned under the second car. The other two victims landed in the road.

Akron Ambulance Service, which said two ambulances arrived at the scene seven minutes after called, said two dead victims were placed immediately into crash bags.

AA ambulance took one of the bodies to City Hospital.

BUSH is the father of three, aged 5, 3 and 17 months. A relative said he was returning from work and apparently was a passenger on the cycle.

Block has been married three years and has no children. He is a policeman at the aircraft company.

Block had been employed at Goodyear since October, 1951. His father works in Plant 1.

Bush began work with Goodyear in December, 1950.

The accident raised the Summit County death toll this year to seven. Last year, the toll as of this date was 10.

The third man died later

What Men Know of Motorcycle Tires

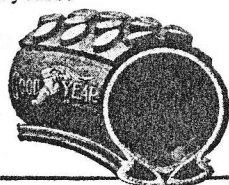

In 4 Years One Has Out-Distanced All

In 1910 the first Goodyear Motorcycle tires were sold. In 1911 the output multiplied itself by 32. In 1912 sales were 139 times greater than in 1910. The 1910 figures were multiplied by 183 in 1913.

For this tremendous gain there is but one answer—super-service proved by these thousands of tires.

3 Out of Every 4

That is the number of new motorcycles that will be Goodyear-equipped in 1914. What better evidence could there be of the superiority by which men have come to know and prefer Goodyears?

GOOD YEAR
AKRON, OHIO
Motorcycle Tires

Remember, too, that Goodyear Motorcycle tires have won and held every world's record for speed and durability. It is not enough simply to make a good tire. There must also be the Goodyear knowledge by which these tires can excel under every road condition.

Rival makers say "Just as good as Goodyears." But the evidence gives you the facts.

Goodyear leadership has been won in the realm of automobile tires. These men meter their mileage. And the same successful factors of leadership now come to you in these Goodyear Motorcycle tires.

What motorcycle tire, then, offers you more than Goodyears? What man can make a better motorcycle tire than Goodyear—based on actual records?

And when you consider that Goodyears cost you no more than other standard makes, why should you take chances?

Made with a thick, anti-skid tread. Made with a special fabric to prevent tread separation. Made to hold forever the place they hold today.

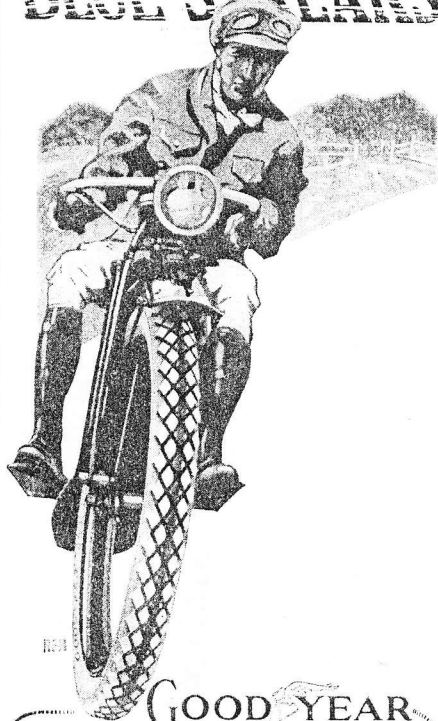

There is a Goodyear dealer in your town. Ask him for our new book, which pictures and describes the making of Goodyear motorcycle tires—or write us today. [1632]

BLUE STREAKS

GOOD YEAR
AKRON
Motorcycle Tires

Wherever tested, however tested, Goodyear Blue Streak Motorcycle Tires invariably give the characteristic Goodyear result—

Better Service, Longer Mileage and Lower Cost.

That's why motorcycle riders prefer them; and why they are standard equipment on leading makes of motorcycles.

Three out of every four new motorcycles in 1916 are equipped with Blue Streaks.

NO-RIM-CUT TIRES

10% Oversize—save half on tire bills—Write for latest Tire Book.

THE GOODYEAR TIRE & RUBBER COMPANY, Main Office and Factory, Akron, Ohio
Branches and Agencies in 103 Principal Cities. More Service Stations than Any Other Tire

This is one of Goodyear's very earlier Motorcycle Tire ad's.

This ad was in the 1914 Popular Mechanics Magazine telling how Goodyear started building tires for Motorcycles in 1910.

Win the Race Above the Clouds

Up the rock-bound jagged trail to Pike's Peak's topmost pinnacle, Blue Streak Tires carried Clymer and Kunce to a notable victory in the Race above the clouds.

Twelve and a half miles of tortuous peril—yawning chasms below, precipitous crags above. A blow-out, a puncture or skidding would have spelt disaster to these daring riders.

Every twist in the trail brought new hazards to be surmounted. Blue Streaks met all risks and met them safely and surely.

Each new month brings new achievements to Blue Streaks. But few of them will ever surpass this test of Blue Streak sturdiness.

The positive assurance of tire endurance, tire dependability and tire safety accompanies every rider of Blue Streak Motorcycle Tires. You can have such tires on your own machine if you will ask your dealer for them.

GOODYEAR
AKRON
MOTORCYCLE TIRES

I RIDE ALL WINTER

*- and
here's
the
Reason!*

★ Take the hazard out of winter riding with the greatest all-purpose motorcycle

traction tire ever built — the Firestone Champion. The sensational Gear-Grip tread of this amazing tire eliminates the dangers of broadsiding and having your machine slide out from under you on

sharp turns. The Gear-Grip design is carried into the sidewall of the tire so that even on stiff layovers the sharp angles bite through snow, slush, rain or road film to grip the road with a firm, sure hold. Put this long mileage, safety tire on your motorcycle right now when you need traction most. And since tires wear but little in winter, they will be almost like new for next summer's riding.

Harley Davidson

AKRON OHIO

Akron Harley Davidson Dealers

Harley and Davidson started making motorcycles in 1903, selling their first one in 1903. The first Harley Davidson dealer in Akron, Ohio started in 1909. Philip Wagner who was 29 years old in 1909 started *Century Cycle*. Philip had six brothers and a son who still lives in the Akron area and is in his 80's (1996).

Akron has always been an enthusiastic motorcycling town with over fifty clubs throughout the years, with many dealers and dozens of motorcycle makes.

The Forth Harley-Davidson Shop In Akron 1930-1967

The Harley Davidson dealer during the Great Depression of 1930's and during World War II (1941-45) was *Harley Davidson Sales and Service*. Hal Hagarty was president and Jim Hagarty was the sales manager. During this period, 1931 to 1945, there were no picture ads only a location and a phone number. To help business in 1940 the Hagartys opened a branch shop located at 273 Wooster Road in Barberton. In 1941 they moved the shop to 647 West Tuscarawas. However it closed later that same year due to the war rationing of tires and gasoline. Also there were no new civilian motorcycles available since all production went into making the over 90,000 45 c.i. Harley Flathead motorcycles for the army. The 45 c.i. went on to become one of the most famous motorcycles ever made. There were a few civilian models sold in 1944-45 to defense workers who needed transportation.

Akron Area Motorcycle People On the Following Pages

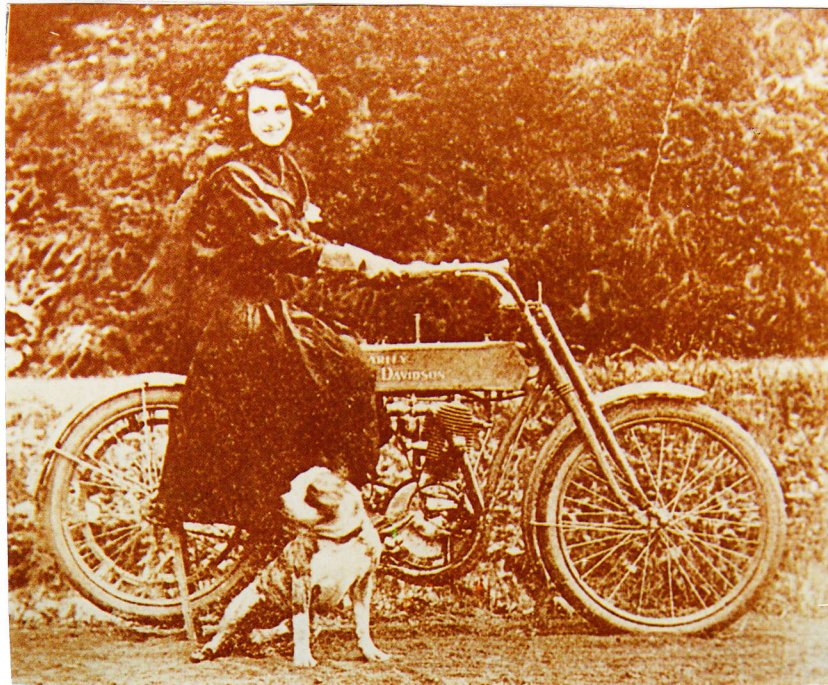

1914

Above, on the same day, Helen O'Connell sits sidesaddle while enjoying a roaring ride aboard a Harley-Davidson motorcycle in 1914. As a symbol of the modern era, Helen O'Connell traveled in style for an Akron Press photo shoot. An auto ride was just the beginning.

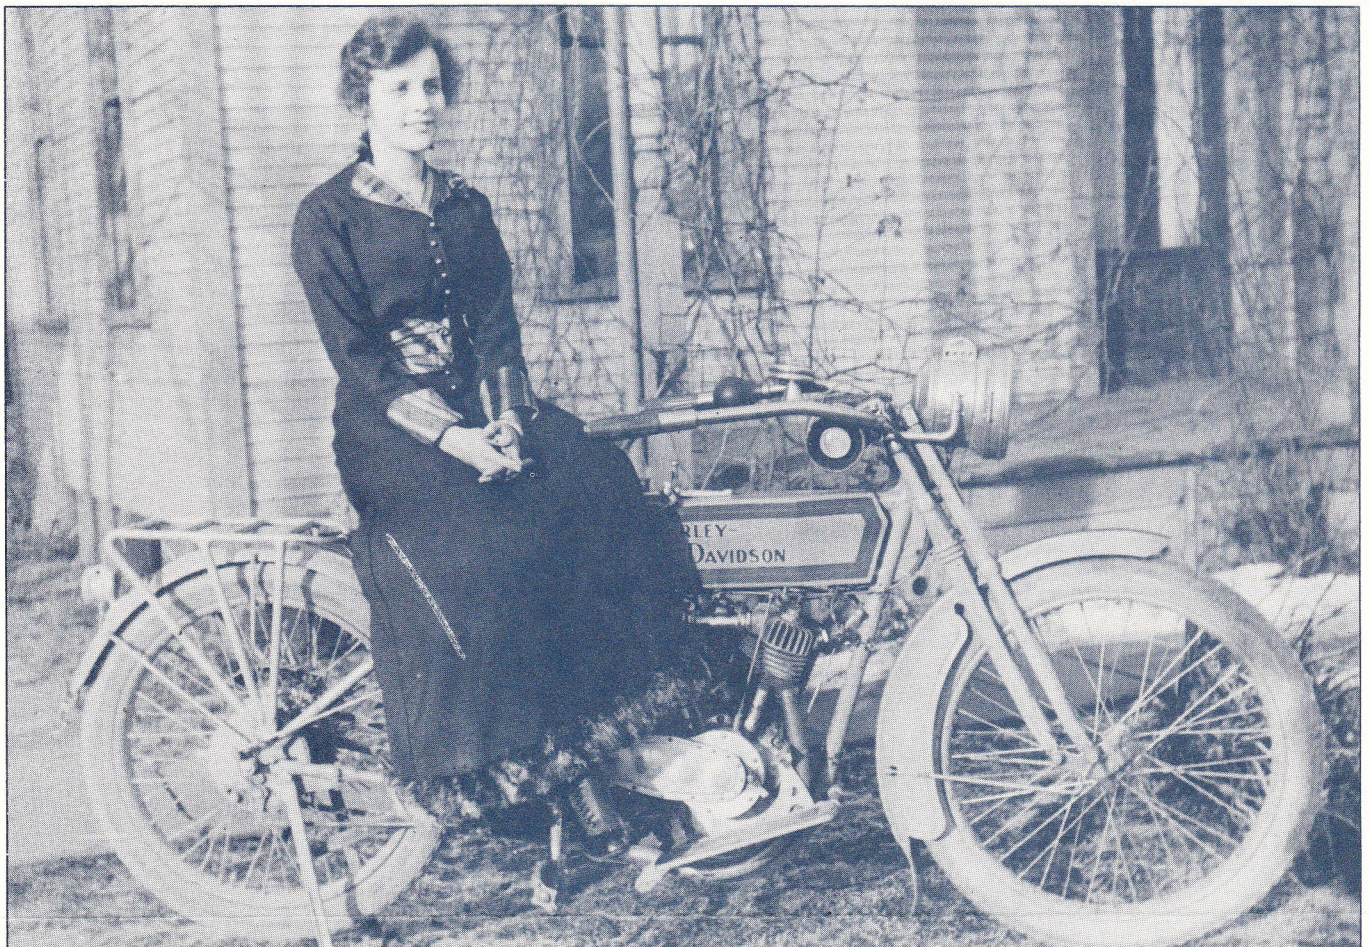

Helen O'Connell of Akron was at East Market Gardens a popular danse hall in Akron when a Akron Press photographee ask her how She would like to ride a motorcycle, speedboat, a speeding auto and be one of the first Akron lady to fly in a airplane all in one day. She never hesitated a minute and she did it. For more on this story see Mark Price story in the Akron Beacon Journal Sept. 23, 02.

Miss Leda Leslie of Akron in 1910 was a very early lady biker. She was the talk of the town with a bulldog for an escort. Her motorcycle got away from her once and went thru a plate glass window. She said that it didn't count anyway, it even happens to men.

1915

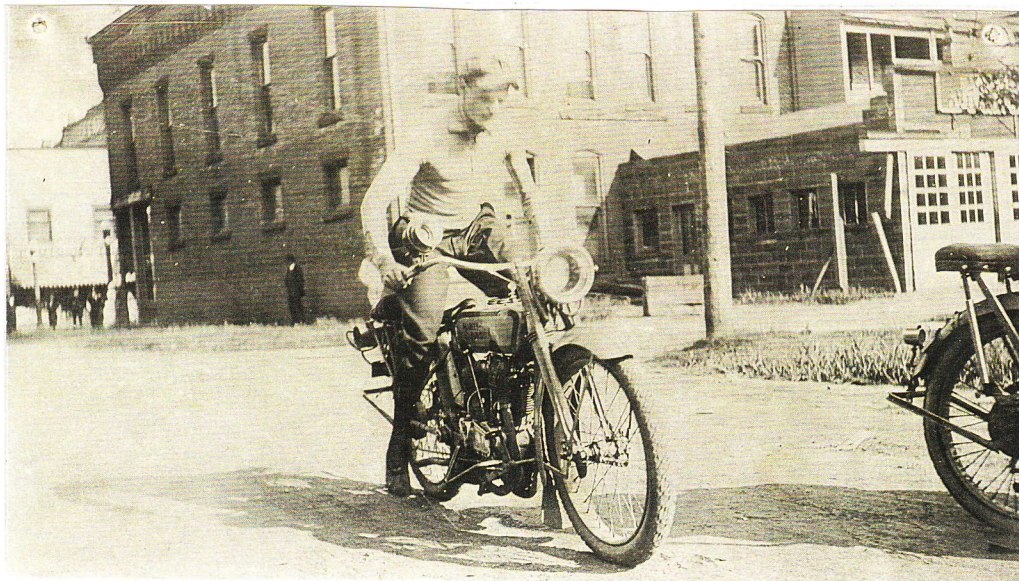

Miss Loviora Gray on her brother (*Sylvan Gray*) new
1915 Harley in front of the family home on Main Street

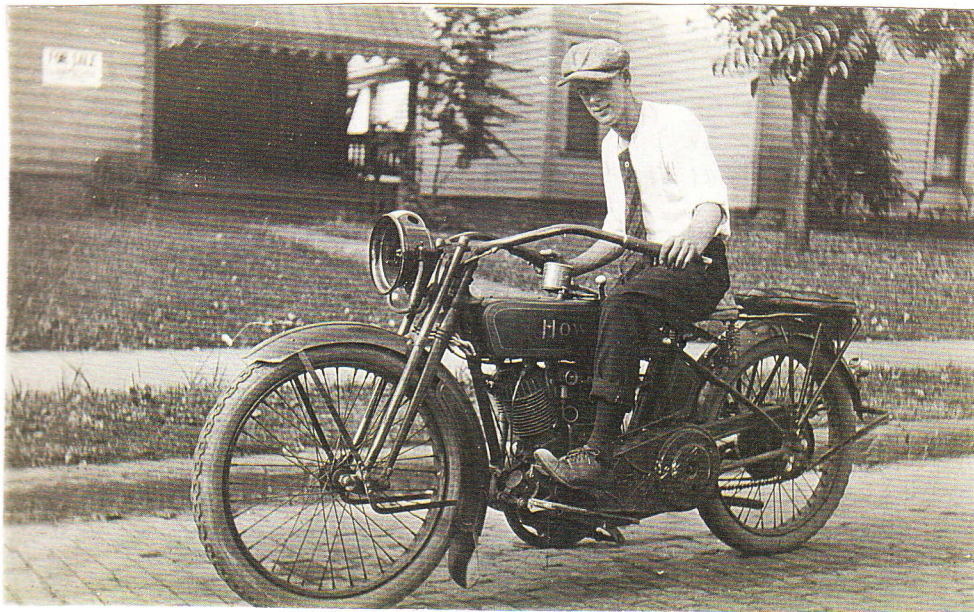

Barberton Oh. Russell Gardener Snyder on the left opened a Barberton Motorcycle Shop at 404 N.2nd.St,he also installed on the curb in front of his shop the first gasoline pump in Barberton. He organized this Barberton Motorcycle Club shown in the picture,he had connections with the Harley Davidson Co according to his descendents. In this picture there are six 1915 Harleys the one at the end of the row is a earlier model Harley the one he is on is ether a pre 1915 Cleveland,Pope or Yale.

The picture below is a 1915 Harley Model J-11 the first year Harley made a three speed transmission and electric lights with Gen.& Batt.it cost 310.00 dollars. These three pages of pictures courtesy of the Barberton Library in original post card form.

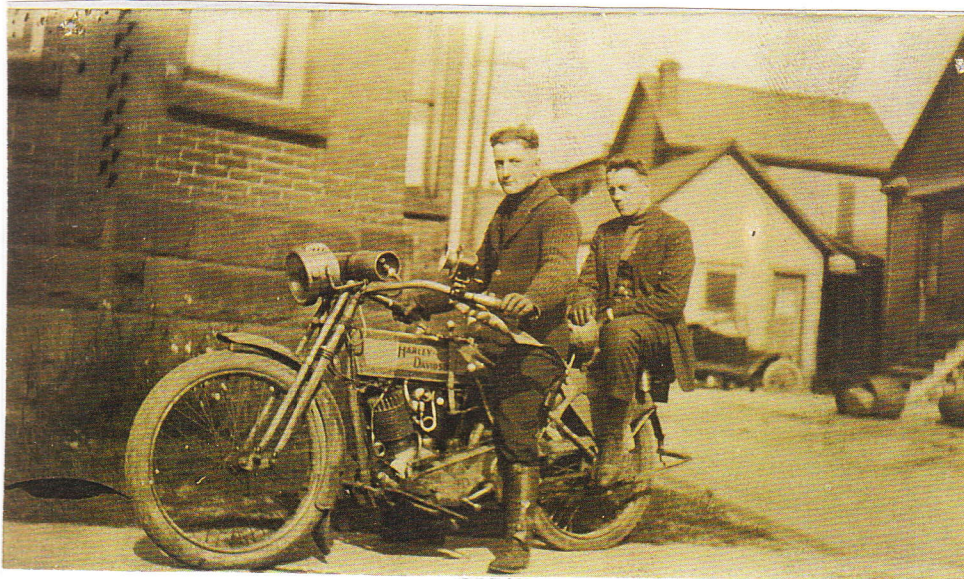

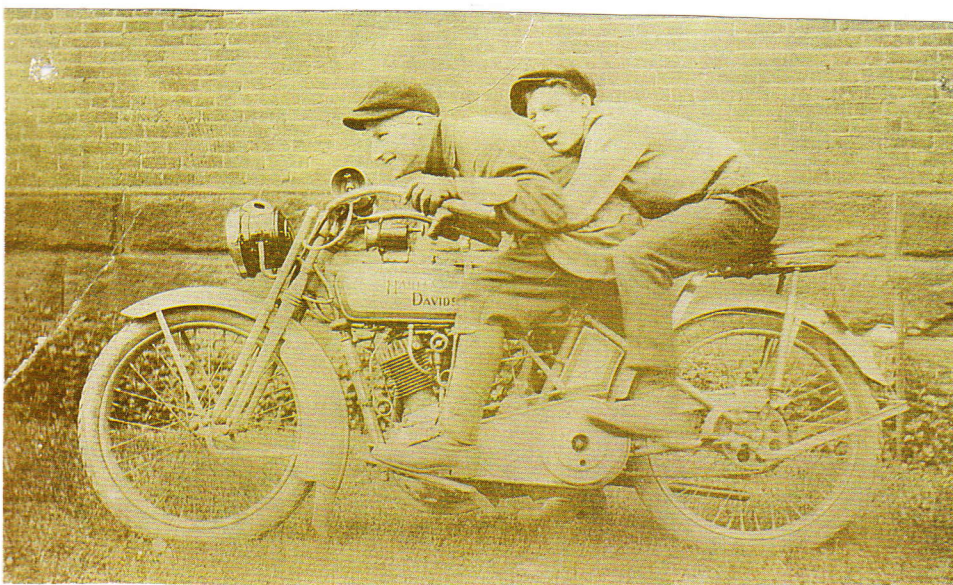

C. 1915-16 Barborton Motorcycle Club downtown in front of Lake Ann, the club has grown to include other makes of motorcycles. I-R 3 Indians then a Flying Merkel then a Thor then 3 Gas Light Harleys then a hidden Thor (the rider has a Thor shirt on) then 1 Indian the next one is hard to tell the last one is a 1915 Harley single cyl. two speed transmission in the rear wheel hub, pedal to start it or kick it forward to start it cost \$230.00. You could buy a single speed Harley for \$200.00 with \$2.50 down.

Barberton A 1917-18

Akron Rubber Co. in the 1920s

*You can
now get the
Diamond Auto-
mobile Safety Tread Tire on
your Motorcycle or Bicycle*

You, as a motorcycle rider, have exactly the same tire problems as the automobilist.

Realizing this, we have built for you a tire, made of the same Vitalized Rubber, the same fabric, the same principle of construction, built in exactly the same manner as our automobile tire.

Diamond Motorcycle Tires

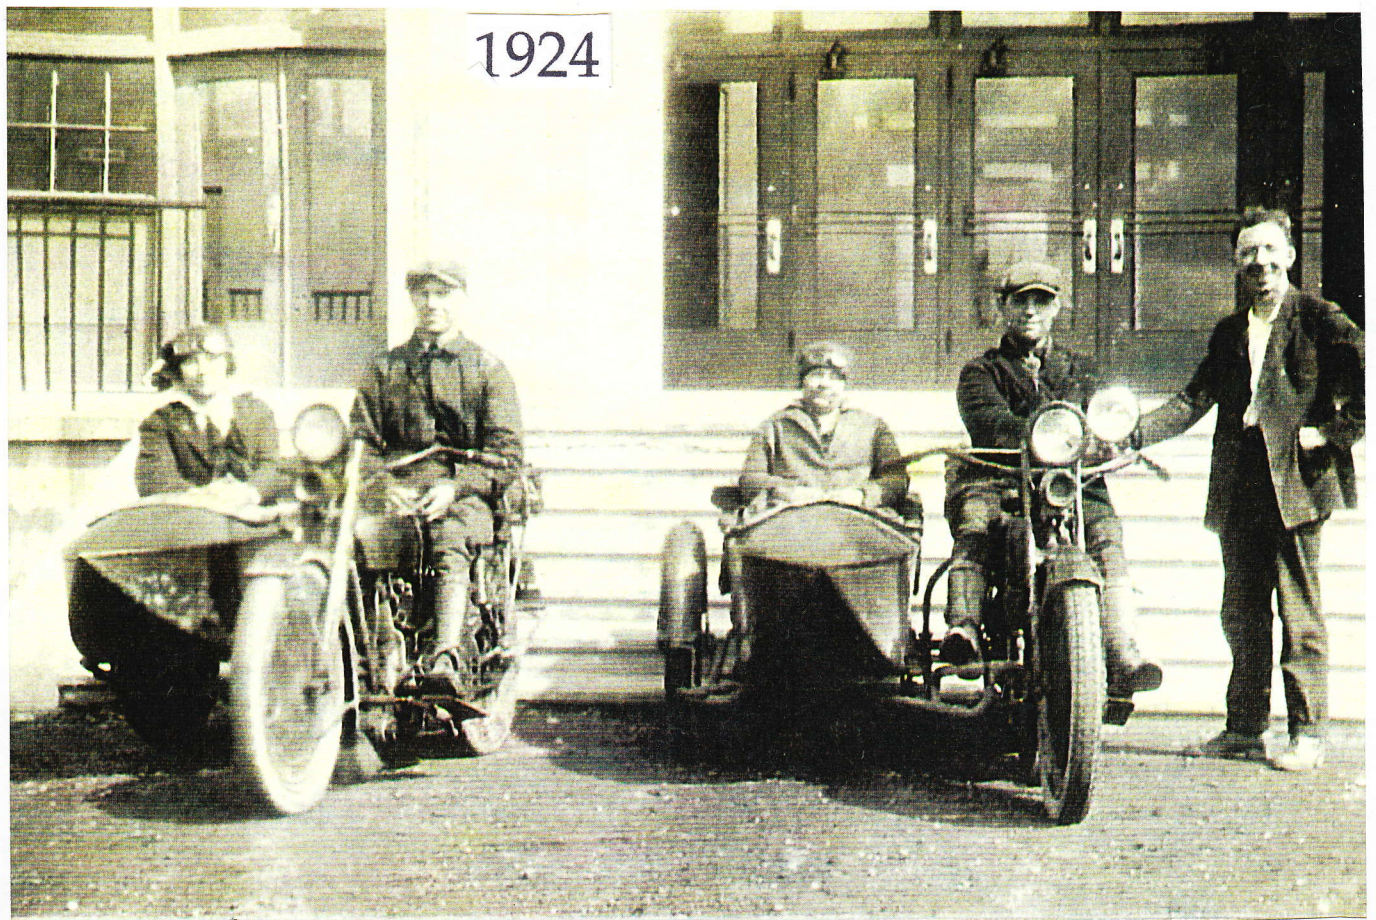

**with Safety or Studded Tread and Perfect
3-Point Rim Contact**

The "More Mileage Strip" of the Safety Tread tire is another exclusive Diamond feature that should appeal to the motorcyclist. All these distinctive Diamond advantages cost you no more — "More Mileage" Vitalized Rubber — Perfect 3-Point Rim Contact — the Diamond Safety Tread that "won't slip, won't slide, won't skid, it grips!"

**So this time buy Diamond Vitalized Rubber Motorcycle Tires —
you can get them to fit your rims from**

GREATER AKRON MC, Akron, Ohio.—You boys in the service are doing a swell job, just like we knew that you would. Motorcycle riders are more alert and on their toes—they are more fearless and have finer judgment—they can think and act faster—that have a finer sense of balance than most any other group of civilians. When you consider all that it is no wonder that they make extra good pilots, marines, sailors, infantry men, tank drivers, PT boat pilots,—yes, and motorcycle riders, just to mention a few of the jobs that they have done and are doing.

The last Club member to enter the service was Jim Brown who left in the middle of June. The second last to leave was Bill Smith who has been in since last winter. Most of the old members are 4F or T.F.O. Many of the newer members are on the verge.

Yes, I am still single. Jim has a baby boy. Joe Trego is also the proud father of a boy. We understand that the stork is going to visit several bike riders, some of them in the service. Keep up the good work. When those kids grow up—maybe I can sell them a cycle.

We still have meetings every Thursday evening at the Draftee's Club. The Club is going on a social run soon. We are planning on a big party like we used to have. I suppose that you would call it a small Gypsy Tour. They generally start out with a ball game, then some beer, then some motorcycle competition. Man! That is our idea of a swell way to put in a day.

A survey of the coal fields reveals that enough fuel still remains underground to keep us in coal strikes for 160 years. . . . You have heard that swimming develops poise and grace—but did you ever take a good look at a duck? . . . Colorado State College experimenters killed a pack of white rats by feeding them a co-ed's diet. . . . Just a little miscellany, for you.

Joe Steen is chasing Japs with a dive bomber. . . . Tubby Fox is in England. . . . Eddy Gay is in India. . . . Howard Cooper is a dry land sailor. Best regards from Jim and myself.—Hal Hagarty.

1943
Carlo Christy WW-2 USA Army

Carlo Christy of Kenmore (rider on right) helped train combat motorcyclists at Fort Riley, Kansas, right before the outbreak of World War II.

Kenmore man trained cyclists for battle

By Don Ashurst
Suburbanite Editor

Carlo Christy of Kenmore spent 1943 at Fort Riley, Kansas, teaching U.S. army cavalrymen how to ride his favorite type of vehicle.

Christy was one of eight motorcycle instructors who taught the "motor cavalry" at Fort Riley. Fort Riley was one of two such training centers in the U.S. prior to World War II. Christy estimates that he personally trained nearly 120 men.

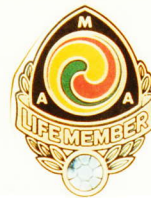

Despite the fact that the army trained an estimated 1,500 to 2,000 men to ride motorcycles in combat, of the instructors in 1944. He spent the remainder of the war as a radio man in a half-track with the 36th Recon group, which received honors for bravery in combat.

The army used 45 cc. in Harley-Davidson during the Fort Riley training. In 1943 the "motor cavalry" was the subject of an article in *The Economist* magazine published by the Harley-Davidson Company.

Christy got his first motorcycle, a 1937 Indian, in 1940. It was that riding experience that led the army to choose him as an instructor in 1943.

Christy's attitude in motorcycle didn't end with the war. He continued to ride. In 1945 he won the same championship as Dragoon 42 on his Honda Scrambler. He's also owned BMW's and Harley's. Today Christy, 67, doesn't ride as much as he did in the past because of failing health. However, he does still own a Honda 150 for "hazzard around."

"I just like motorcycles," said Christy. "I've loved them all my life—and I will do."

Travels 9,000 Miles On Cycle Topa Tells Of His Trip

By HELEN WATERHOUSE

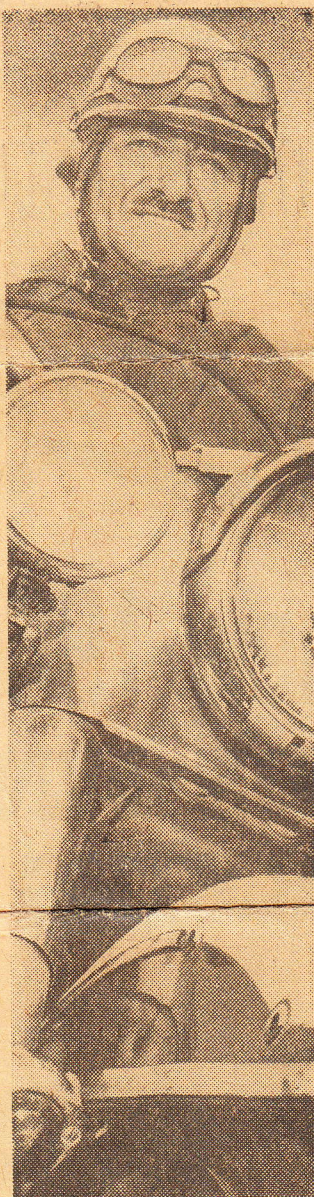

A 53-year-old Akron man has just written an amazing saga of motorcycling.

How motorcycle rider Steve Topa managed to exist on a 9,000-mile trip through the cold south and the Mexican jungles is a question you ask yourself after reading the colorful diary he kept on his trip.

Steve, a Kenmore roofer of 2281 Sixth st. SW, is home again after his nearly two-month adventure with his favorite sport.

"I never dreamed towns could be so far apart or that I'd average running out of gas at least once a day for three days on that rat-race through Mexico," relates the tall sunburned man who made the trip as a vacation lark. "Next time I'll have a bigger gas tank and a smaller motor."

"I NEVER dreamed there could be so many high mountains. I don't know how I kept from freezing to death in the terrible cold wave the South was having. It's an awful feeling to run out of gas in the jungles where there's very little chance of getting the wonderful stuff."

STEVE TOPA
...cold in the South

But Steve's diary ends with the quote, "I still wouldn't take anything for my experiences on that trip."

On his trip Steve, father of three, visited old Akron friends now living in the Southwest and West. He stopped at his son's Marine base in California and at Randolph Air Base in Texas where Capt. John Devine, a former Akronite, teaches aircraft technicalities at the base school.

AT EL PASO he visited Mr. and Mrs. Arthur Donaldson, former Akron restaurant proprietors. At Phoenix, Ariz., he found former Akron policeman Harold Ward, now a policeman there, and Mario Petite, a former Akron motorcycle rider friend. At San Diego, the energetic motorcycle rider called on former Akronites, Mr. and Mrs. Raymond Rigby, and in Bellflower, Cal., he visited former Akron motorcycle dealer Harry Hamilton, who took him on a yacht cruise on the Pacific.

"If it hadn't been for truck drivers who took pity on me when I ran out of gas and siphoned gas from their own tanks, my plight would have been serious," he says.

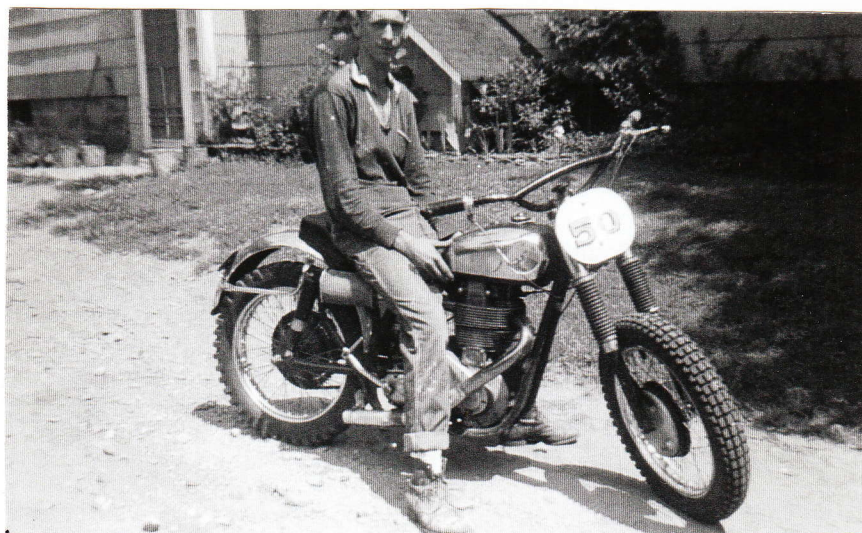

"Gladdest day of my life was when I left 10 inches of snow on the roads in the south and crossed the Ohio River" he said. "I came into Akron through one snow squall after another my hands almost frozen despite two pairs of gloves. Then I headed for the motorcycle shop to check in and to feel the warm handshakes of my friends. A large steak cooked American style after all that Mexican food was the best thing I ever tasted."

Looking at a 1915 Harley at the Greater Akron Motorcycle Club Centurion

1988
Ernie Passeas of Liberty Harley, the same 1915 Harley at a Toy Run

1958 Chuck and Shirley Wahl of Green, two serious touring bikers, with more than 150,000 miles on their Harleys and 140,000 miles on their BMW often pulling a camper trailer. They have albums of pictures, a very large collection of memorabilia, tour pins, and awards. Hopefully touring into the next century.

A CORTEGE OF CYCLISTS

Revvng up their motors, a cortege of cyclists wheeled out of an Akron cemetery where they had escorted the body of the founder of Akron's Lots-A-Moshun motorcycle club. Killed when his machine hit a utility pole, Ray Blair, 27, was buried with his jacket and license plates.

Keith Fletcher

Jack Morris

A Antique Motorcycle Restorer and Collector, he restored this rare last model Servicar that Harley made before discontinuing them. It has Hydraulic Forks, Electric Start and a Allernator, solid rear Wheels with Hydraulic Brakes. Keith is a friendly modest person not prone to talk about his accomplishments in his academic and intellectual way of life.

(See his Wife Norma on following page)

Carl Few restored this nice 45 C.I. His Wife on a early type seat.

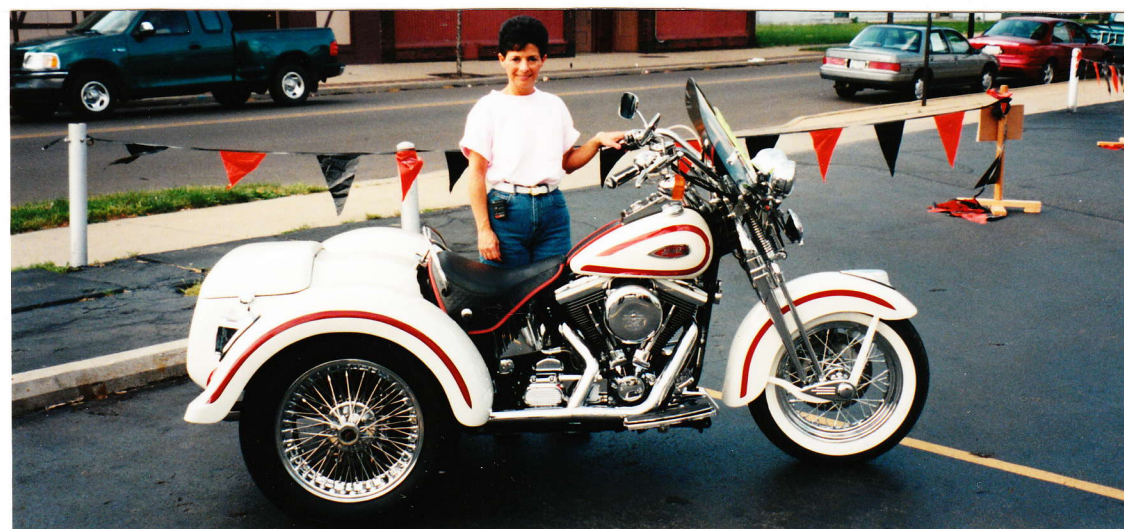

Scott Bridger

Denise Gross

Rosemary Passeos of Liberty Harley Davidson

Norma Fletcher a serious biker 14,000-18,000 miles a year and being gone for months at a time is normal. Her and Her Husband Keith are well known around the country, they participate in the H.O.G. club tours nationwide and they go to Sturges and Daytona meets, and many local meets-making friends.

Bob Egner a Greater Akron Motorcycle Club Member and Antique Motorcycle collector on his Pan Hd. Duo-Glide.

Kevin McDonald one of those people with so much talent that he is compelled to express himself one way or another. Be it Motorcycles and Car Customizing or building a 1903 Harley. He is always inventing something or producing ideas on the computer. And a half dozen projects in the back of his mind, no stick in the mud he enjoys a good joke and a good laugh.

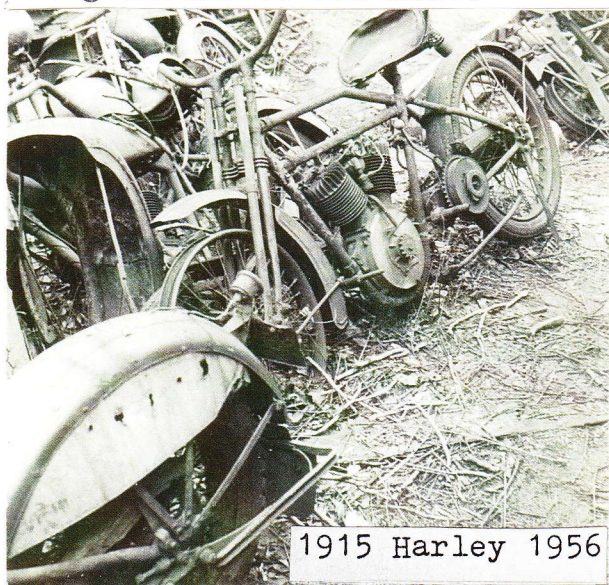

50 Years With A 1915 Harley Davidson John Morris

Owning a 1915 Harley Davidson Motorcycle for 50yrs.was something that the Jack and Ruth Morris family managed to do. In 1956 Jack and Ruth just finished there new home,with two small children and a Model T Ford that they had fixed up there was not much money left for another project.

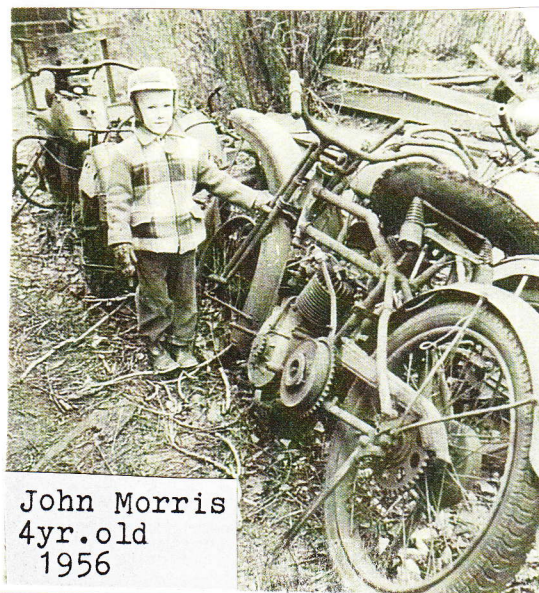

As kids they rode bicycles together then a 1941 Cushman Motor scooter as teenagers they rode Jacks old Indian motorcycle around Akron.Finding this 1915 Harley laying in a driveway sunk up over the rims for 40.00 dollars was the most that they could handle.

It was at Bob Raymunds old motorcycle shop that dates back to 1915 on W.Thornton St. in Akron.Bob took a liking to Jack and told him come back and root in the old garages for the bike parts Jack did when he got a few extra dollars Bob even sold him other of his antique things this went on for 10-12 years before Bob passed on.

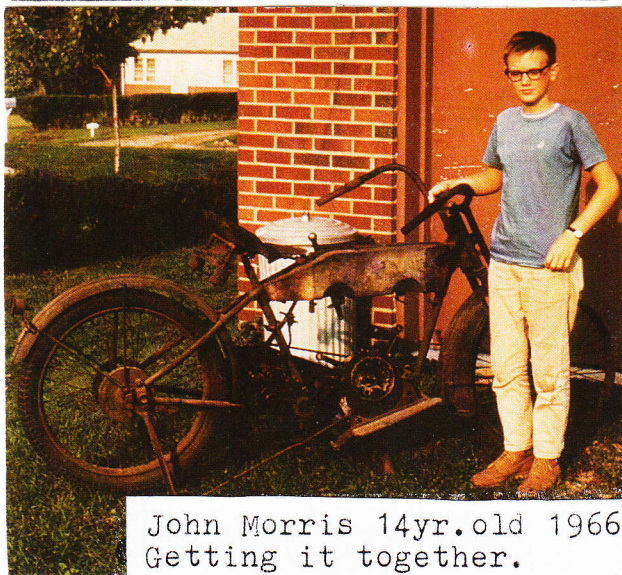

It took another 10-12 years of working out problems to get it together and running. After many antique motorcycle meets and rides the 15 Harley has seen three kids grow up,seen a Daughter-inlaw Son-inlaws come along,seven Grandkids,Grandkid-inlaws more antique bikes,cars etc.The 15 is showing his age but plans on being around to see more.

"Ole Harley," And Me"

*Old "Harley" and me, we're both gettin' old,
But we still meet the challenge of any road.
Its style ain't like the ones today,
But it's still as faithful as it used to be.*

*My hair is grey, it's chrome needs shined,
But that's alright, we'll still get by.
Being fancy ain't everything,
Just being us, that's it and me.*

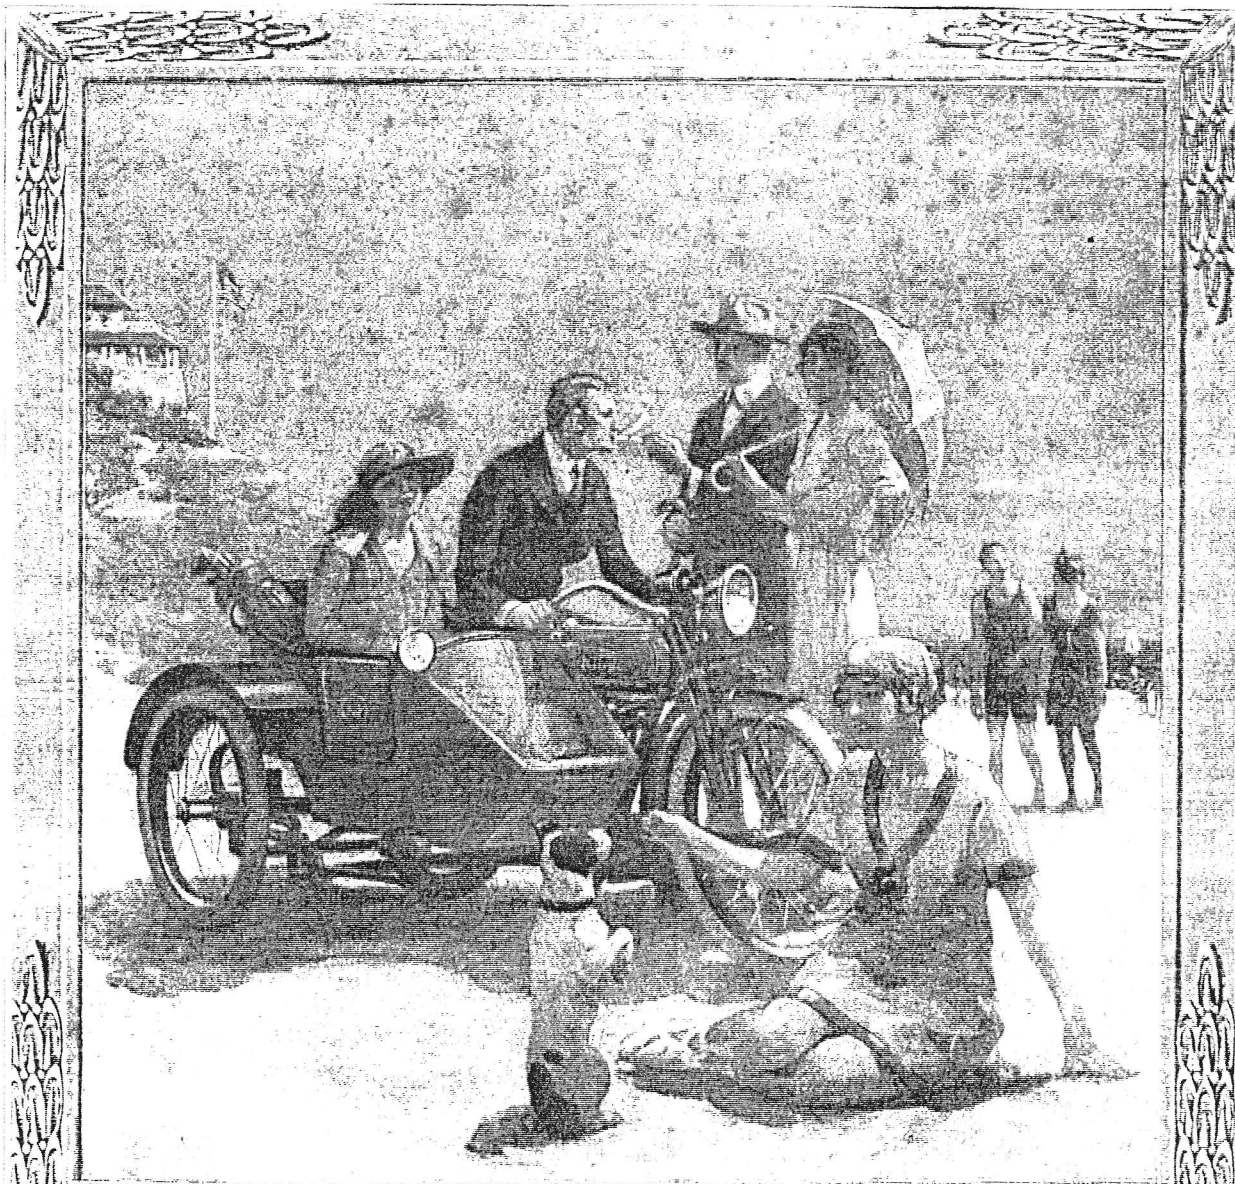

*I give "Ole Harley" a couple of kicks,
It starts right up, then sputters and quits.
It's just like me, it's gettin' old,
A couple more kicks, it finally goes.*

*We're finally warmed up, and ready to ride,
With the Sun and Wind, "Ole Harley" and I.
Our destination, ----- Anywhere,
Time does'nt matter, and we'll get there.*

*In the rain, the heat, snow and sleet,
We've seen it all, "Ole Harley" and me.
I like it that way, there's nothing so rare,
As ridin' "Ole Harley", and the open air.*

*Lookin' and seein', goin' and gettin',
Ridin' home as the sun is settin'.
We're both kinda tired, "Ole Harley" and me,
Goodnight, Sweet dreams, from "Harley D."*

THE SCRIPPS COMPLETE MARINE POWER PLANT

1913 Catalogue Just Off The Press

If you are interested in marine motors, send for it. It is, by far, the most beautiful and interesting engine book ever published. Fully describes all of the famous Scripps motors—One, Two, Four and Six Cylinders—regular and extra heavy duty types, 4 to 96 horsepower. Ask about our Air-Start, Kerosene motors and the Scripps Midget, our new 7 horsepower, 4-cylinder Tender Motor.

Scripps Motors are carried in stock by:

- NEW YORK—Bowling, Holmes & Hecker Co., 141 Liberty Street.
- BOSTON—Waller H. Morgan, 218 State Street.
- PHILADELPHIA—W. E. Gochenaur, 681 Arch Street.
- JACKSONVILLE, FLA.—Gibbs Gas Engine Co., Post of Main Street.
- SEATTLE, WASH.—S. V. B. Miller, 72 Marion Street.
- SAN FRANCISCO, CAL.—California Gas Engine & Motor Boat Co., 76 Clementina Street.
- LOS ANGELES, CAL.—Marine Engine & Supply Co., 121 E. 6th Street.
- DULUTH, MINN.—Kelley Hardware Co., 118-120 W. Superior Street.
- TORONTO, ONT.—Schaefer-Holmes Machine Co., 2 Carlow Ave.
- NEW ORLEANS, LA.—Arthur Duvie, 130 Charles Street.

Make a Launch of Your Row Boat By Simply Turning 2 Thumb Screws

THAT'S all you have to do to attach a Gaille Portable Boat Motor to the stern of any row boat or skiff. Takes less time than placing oars in our locks. Clamps solidly to the boat and will not rack the frame nor open up seams. Is adjustable to any angle or depth of stern. The

Gaille Portable Boat Motor

is steered by a rudder like any launch—not by the propeller. Will drive a row boat 7 to 9 miles an hour. Weighs about 50 lbs. Can be easily carried. So simple—so absolutely reliable—so easily started (a fraction of a turn of the fly-wheel starts it) that women and children can operate it with perfect safety. And the price is so ridiculously low that everybody can now afford the pleasures of a launch. Every engine fully guaranteed. Made by one of the largest marine engine builders in the world. Send for literature. Get the details. A postal brings all.

Some territory still open to Reliable Dealers. Ask for dealer's proposition.

Gaille Perfection Motor Co.,

1306 Caille St., DETROIT, MICHIGAN

DAYLIGHT BY NIGHT "SEARCH-LIGHT" BICYCLE LAMP

For Your Protection at Night

Ruts Seem Deep—Stones are Big—Automobiles Run Fast—A brilliant gas light is necessary. A "SEARCH-LIGHT" Bicycle Lamp makes its own gas. Will not jar out. Handsomely nickel-plated.

Get a BRIDGEPORT PUMP for your wheel. Send for catalog describing lamp and pumps.

THE HETRICK BROS. COMPANY
1217 Fernwood Avenue Toledo, Ohio

Women's Plain Bearing Roller Skates, 96c.

No. 6K5823 Plain Bearing Full Heel Roller Skates, for women. An extension skate, combining all of the latest and best ideas mentioned in description of No. 6K5822. Skate extends to fit all sizes from 7 1/2 to 10 1/2 inches. Price, per pair, with steel rolls..... (Postage extra, 64 cents)..... 96c

Ball Bearing Extension Skates, \$2.40.
No. 6K5825 This is an Improved Ball Bearing Half Clamp Extension Skate. Tops, trucks, clamps and plates are made of the highest quality cold rolled Swedish steel. Trucks are oscillating with best rubber cushions and turn in three-foot circle. The straps are best russet grade leather, nickel buckles and trimmings. They are strong, handsome and a finely finished skate, and extend to fit any size from 8 1/2 to 11 inches. Price, per pair, with steel rolls..... (Weight, 4 1/2 pounds)..... \$2.40

Ladies' Ball Bearing Roller Skates, \$2.41.
No. 6K5826 This skate is the same as No. 6K5825 except that it is made especially for ladies. This skate extends to fit any size from 7 1/2 to 10 1/2 inches. Weight, per pair, 67 ounces. Price, per pair, with steel rolls..... \$2.41

Children's Skates, 34 Cents.

No. 6K6012 This skate is especially adapted for children learning to skate. The runners are so wide apart that a child can stand on them with perfect ease. They are adjustable and can be made from a 6-inch to an 8-inch skate by simply adjusting the thumb screw under the front foot plate. Price, per pair, (if by mail, postage extra, 24 cents).... 34c

Skaters' Ankle Braces, 49c.

No. 6K6025 Ankle Brace. It is made of steel, handsomely nickel plated with a rib running up through the center, which strengthens the brace and makes it light, strong and durable. They are trimmed with the best quality russet grain leather. Can be attached to any skate by a blacksmith. Price is for braces only without skates. Price, per pair.... 49c
If by mail, postage extra, 10 cents.

Skaters' Ankle Support.

No. 6K6027 This Ankle Support is made of fine soft tanned leather, and has steel stays or stiffeners so arranged in pockets that they are removable, so that one or all may be removed to relieve the pressure on any part that might be sensitive. These supports add great strength to weak ankles, and should be worn by all skaters, either ice or roller. When ordering, give size of shoe worn. Price, per pair..... 73c
If by mail, postage extra, 3 cents.

Skate Sharpener.

No. 6K6029 Skate Sharpener. It concaves a skate runner. Its adjustment to any skate is automatic. The files are cut on four sides—two flat sides and two convex. It is nickel plated. Price..... 12c
If by mail, postage extra, 5 cents.

Skate Straps.

No. 6K6030 Skate Straps, 21 inches long, 3/4 inch wide, made of good heavy black leather with buckle. Price, per pair..... 9c
No. 6K6031 24-inch Skate Straps, same as above. Price, per pair..... 11c
If by mail, postage extra, per pair, 3 cents.

SAVE FIVE YEARS

IT takes five years of steady conscientious practice to learn how to cast perfectly, but if you use a

SOUTH BEND ANTI-BACK-LASH REEL

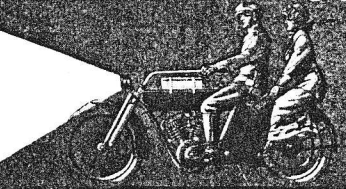

you are an expert caster in five seconds, because, with this reel, any man, woman or child can cast and cast perfectly without tangling or back lashing the line. You get BIG fish when you cast and casting is one of the grandest and most thrilling of all healthful sports.

You will never know the real enjoyment of fishing until you have cast for fish, and this reel enables you to do so without practice. It is made of solid german silver with jeweled bearings.

Beautifully illustrated catalog in colors describing reel and fishing tackle sent free upon request.

SOUTH BEND BAIT COMPANY
3523 Colfax Ave. SOUTH BEND, INDIANA

Prest-O-Lite

The Only Practical Light for Motorcycles

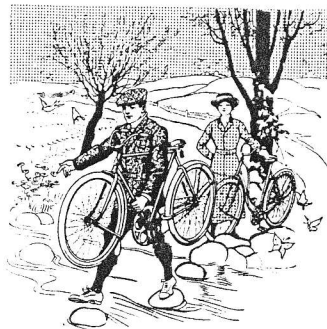

Prest-O-Lite is the only lighting system that makes night riding possible, pleasant and SAFE. The ready-to-use gas costs no more—usually costs less—than the carbide a generator consumes.

The first cost is low (\$10). Prest-O-Lite never gets to be second-hand, and is always a READY CASH ASSET. You can easily afford it. You cannot afford to be without it if you ride at night. One accident might cost you more than years of Prest-O-Lite service.

Easily attached to any motorcycle. We will arrange for immediate exchange service for anyone, anywhere. See any motorcycle (or automobile) dealer, or write us.

DON'T ACCEPT AN IMITATION!
The genuine Prest-O-Lite, when empty, can be immediately exchanged for a full one, ANYWHERE AND ALWAYS. Imitations cannot.

THE PREST-O-LITE CO., 265 Speedway, Indianapolis, Ind.
Branch offices and Service Stations in all principal cities. Charging plants in all parts of the country. Exchange Agencies Everywhere

THE RACYCLE

brings nature in all its glory within reach of everyone. The improved Racycle crank hanger actually saves 27.9 pressure on the crank bearings as compared with any ordinary bicycle. For that reason, the Racycle is the easiest running bicycle in the world. It is the only bicycle so mechanically perfect that its manufacturers can guarantee it for five years. Think what this means—more than five times the service at the same cost of an ordinary bicycle. Insist that your dealer furnish you a Racycle or write today for our handsome free illustrated catalog which fully explains this mechanical masterpiece.

THE MIAMI CYCLE & MFG. CO.

MOTORCYCLE REPAIRING
Paul Gambaccini, Owner
728 S High-----JE ffrsn 5-4222

The enormous popularity of motorcycles in the teens came to a halt during the post- World War I recession of 1921- 22. Indian sales dropped from 20,000 bikes a year to 7,000. The growing popularity of the automobile and it's lower price, \$290.00 for a Motel T Ford and \$390.00 for a Chevy, added to the decline of motorcycling. Even Goodyear Tire and Rubber Company went into receivership during the 1921 - 22 recession. Because of economical reason no motorcycle ads were run during these hard times.

Motorcycling's second era of popularity would not come until after the great depression of the 1930s and World War II when all of the soldiers returned with a need of excitement and adventure.

After the Indian Company's misadventure in building vertical twin lightweight motorcycles in 1949 - 52 and the competition from the European motorcycles companies, Indian in 1953 went out of business .

Akron Area Motorcycle People On the Following Pages

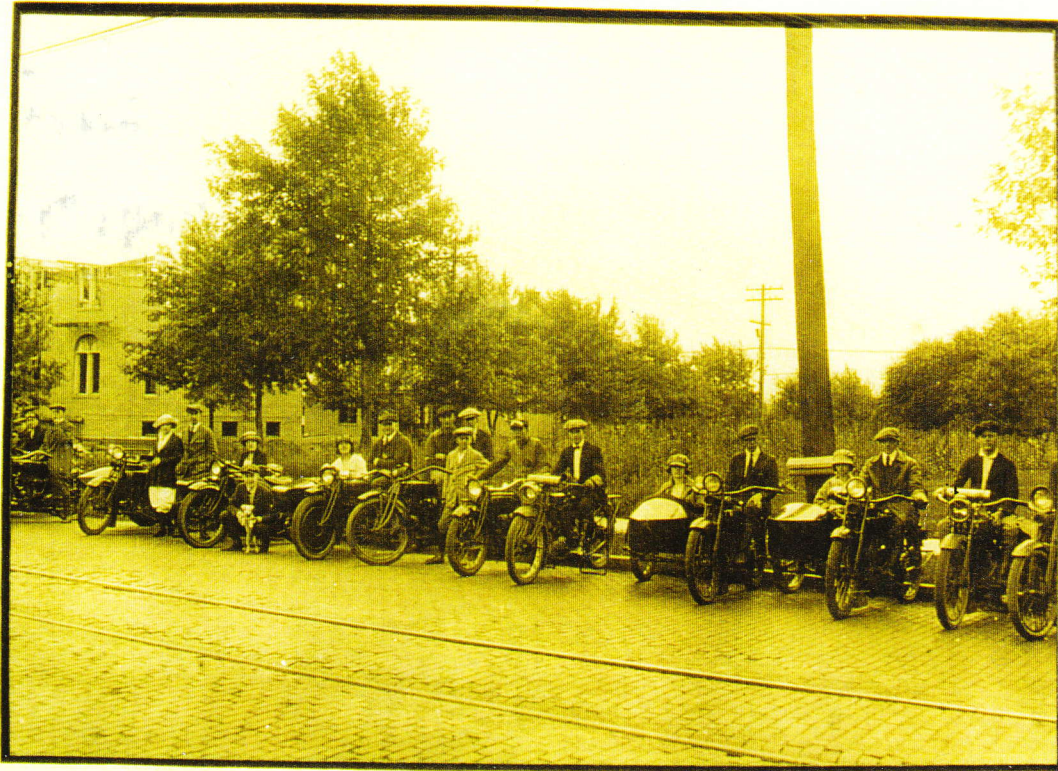

This picture with 42 Indians was taken in 1913, at *Young's Hotel* on Manchester Road, Akron, Ohio. It shows the popularity of motorcycling in the Akron area during the teens. Just the mention of the name Indian brings magic to the imagination with the rich red colors and bold stripping. Indian fans are fiercely loyal and feel they are the best motorcycle ever made. There always has been a certain amount of friction between some owners of different makes of motorcycles and this was true of some Indian and Harley owners. Forty five years after Indian went out of business there is still magic in the name Indian, like there ads said.

1916 Indian tire repair motorcycle on S. Howard St., Akron
This service was provided by the Miller Rubber Co.

Paul Gambacinne ran this Indian Shop behind his home at 133 W. Elm St. Kent Oh. in the 1920s-30s-and 40s. In the 1950s he moved his shop to the closed Indian Sales & Service building in Akron, latter moving his Indian restoration to Warren Oh.

Sales Agreement

BETWEEN

INDIAN MOTORCYCLE COMPANY

SPRINGFIELD, MASS.

AND

Charles I Stark

728 S. High St.

Akron, Oh.

Dec. 10

1929.

Indian Warranty

1. All new INDIAN MOTORCYCLES, Sidecars and Component Parts are warranted to be free from defects in workmanship and material. Our obligation under this Warranty is limited to the replacement without charge of any part or parts which shall, within ninety days from the date of the original sale by the Dealer, prove to be defective and which shall be promptly returned to us, transportation charges prepaid, for our examination and decision.

2. This Warranty shall be terminated by the alteration of our construction in any way whatsoever, by the use of devices not approved by us, by the use of any but genuine INDIAN Parts for repair or replacement or by the subjecting of the Motorcycle to misuse, abuse or neglect.

3. We do not warrant any parts of equipment or specialties not of our own manufacture, such as Tires, Magnetos, Saddles, etc. These parts are warranted by their respective manufacturers and, should they develop defects, should be sent direct to them.

4. When Motorcycles or assembled parts, in which defective parts are to be replaced, are sent to us, a reasonable charge for labor will be made.

5. This Warranty is given by us in lieu of all other warranties, expressed or implied, and all other obligations or liabilities on our part. The purchase of any INDIAN MOTORCYCLE, Sidecar or Component Part signifies acceptance by the purchaser of each of the provisions hereof. We neither assume nor authorize any other person to assume for us any other liability in connection with the sale or use of INDIAN MOTORCYCLES, Sidecars or Component Parts.

6. When sending in parts for replacement, customer must tag same with his name and address. A letter giving full and detailed particulars must be sent to us in each case, giving the engine number to avoid delay in identifying the consignment.

INDIAN MOTORCYCLE CO.

This is a standard Indian Motorcycle Company sales agreement signed by the applicants for a Indian Dealer-ship in 1929.

Charles(Stick)Stark of Akron with out a doubt had the same agreement for his Indian Dealer-ship in Summit County.

This Document and the Payment Book on the next page supplied by John Hicks of Coventry Twp.

CONGRATULATIONS MR. MOTORCYCLE PROSPECT

You'll Soon Be Riding An Indian!

Motorcycling provides thrills and "sporting kick" that brings real joy in living. By making a little sacrifice now, by cutting a little on cigarettes, movies and other pleasures, you'll gradually have enough saved for an initial payment on your Indian. It will be then, that you will experience the best times of your life.

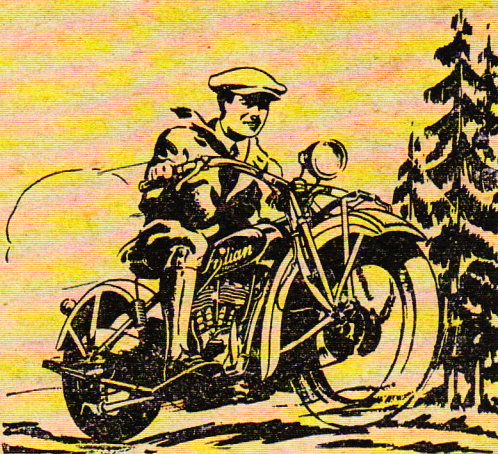

Just imagine zooming home after work on your Indian, getting the benefit of the cool crisp air. Just imagine those wonderful rides with your girl and picture those fishing, hunting and camping trips with the boys. Say, those will sure be great days for you, and don't forget that big vacation trip you can make. In two week's time you will be able to ride from coast to coast for what it would cost you to spend a week at the nearest beach.

Be sure you ask your Indian Dealer to place you on the mailing list to receive "Indian News." This magazine is a free publication for Indian Riders. It tells you of all the happy times Indian Riders are having and will help you to save all the more quickly so that you too may soon be one of this Big Indian Family.

Gerald (Speedy) Pershing was an Akron city motorcycle policeman in the 1930s and 1940s. He was also the motorcycle mechanic, painter, and pin striper; a jack-of-all trades. Nobody could out run him on a motorcycle, he would even chase them into the next county. He was so meticulous that once when a drunk put his foot on his police bike's tank, Speedy knocked him down. Speedy bought this Indian new in 1940. Firestone used the bike for a tire promotional with Speedy and a model on the back.

John Polovic in the sidecar was a mechanic and painter for CL Stark at *Indian Sales and Service* on High St. in Akron. In 1942 he originated the famous rainbow paint scheme on Indians. Rocky Halter on the bike is a life long Indian enthusiast, collector and world wide parts and bike dealer.

Wendy Amodoi on her husband's (Dan) 1952 Indian with his mother in the sidecar at a local 4th of July parade.

John Palovic of Akron, in the middle, originated these Rainbow paint schemes in 1942. Now they are famous worldwide. From L-R Phil Lawson and his original Rainbow Chief, Rocky Halter, John Polovic, Bob Chief Simmons and Ernie Hartman, president of the All-American Indian Club. Picture courtesy of Rocky Halter

John Palovic fifty years before the above picture. He worked for Charles (Stick) Stark in 1942 at the Indian Shop when He devised the Rainbow Chief paint scheme. On occasion the Indian Factory would send him the sheet metal to paint the Rainbow design. After the Indian shop closed in 1953 Johnnie worked at Goodyear as a Machanic where he was well thought of. He is a Akron Motorcycle Legend with Indian Mc. People.

Richard and Diana Stark with their 1947 Rainbow. His Grandfather & Father owned the Indian Shop in Akron.

Every guys dream, finding a Indian Chief in a old barn.
This happened on Pickle Rd. in 1990. How did it end?

Ted Goff Family, Springfield Township
An age old story, this 1930 Indian Chief, a family heirloom,
that has been passed down from father to son to grandson.

Stark Family and Indians

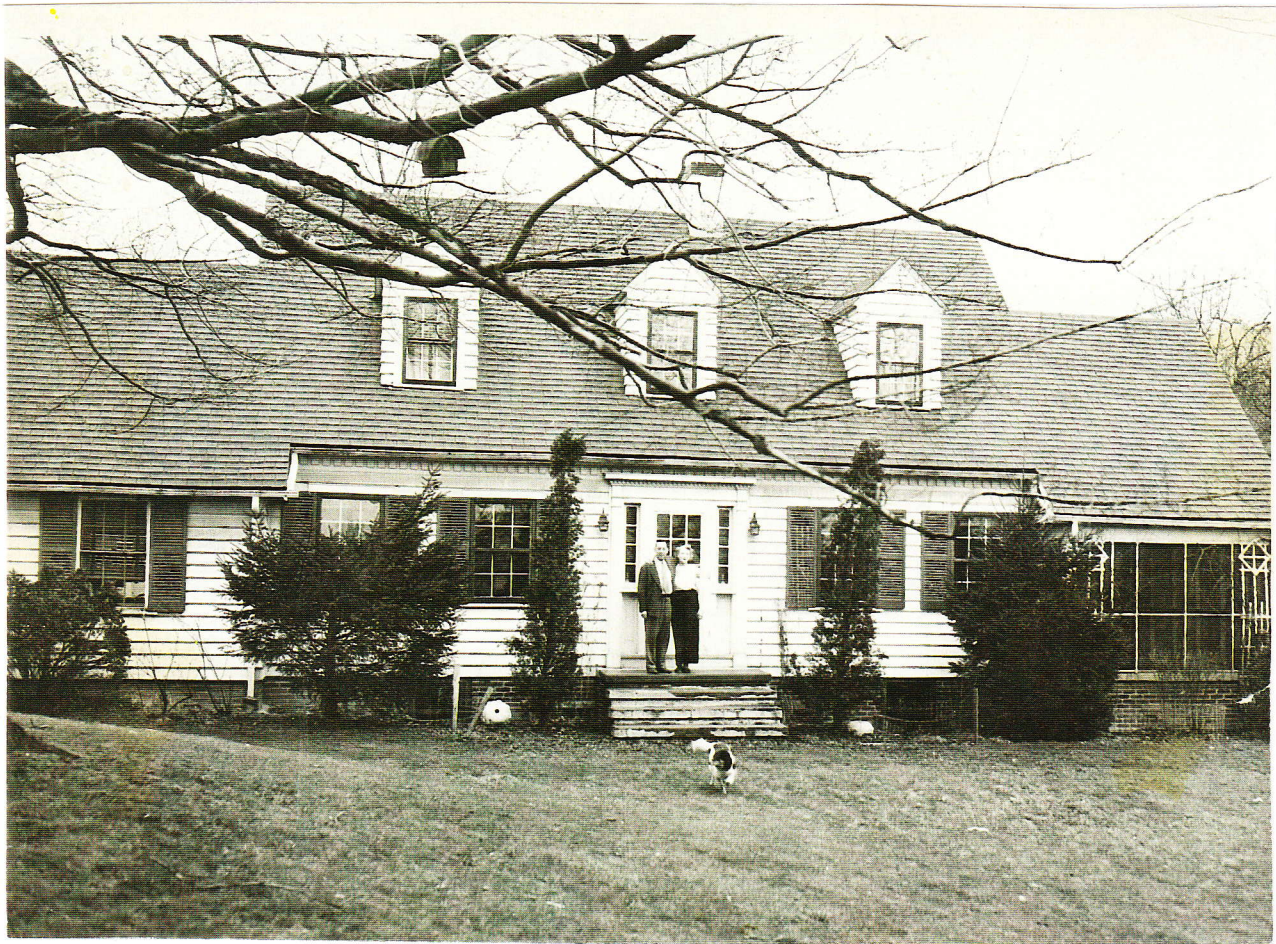

The *Indian Sales and Service* dealership in Akron owned by Charles and Lois Stark has its roots when Charles returned from W.W. I in 1918. He went back to his old job as a special messenger for the U.S. Postal Service. It's not hard to imagine him delivering certified mail on an Indian. This led to starting a shop behind his mother and father's house at 33 W. Thorton St. He called the shop *The Ace Motorcycle Shop*. In 1925 he moved his shop around the corner to 728 S. High St. and called it *Summit Cycle Company*. Then in 1930 he changed the name to *Indian Sales and Service*.

In 1953 the Indian Motorcycle company went out business and the shop was leased to Paul Gambaccini. Gambaccini called the shop *Portage Indian Sales and Service*. The lease ran out in 1955 and Paul returned to his Indian shop behind his house on East Elm St. in Kent.

Charles Stark's two sons Dick and Bob followed in their fathers foot steps and started a repair shop behind their mother and father's house. In 1957 they reopened *Indian Sales and Service* on High St. servicing Indians and selling Royal Enfield, Pirelli and Matchless motorcycles. They closed the shop in the mid-1960s. Dick became a well known motorcycle racer, his son Richard is keeping the tradition by starting an Indian repair shop behind his house. Bob moved to California and became a famous Indian restorer, his son Gary is also involved in the business.

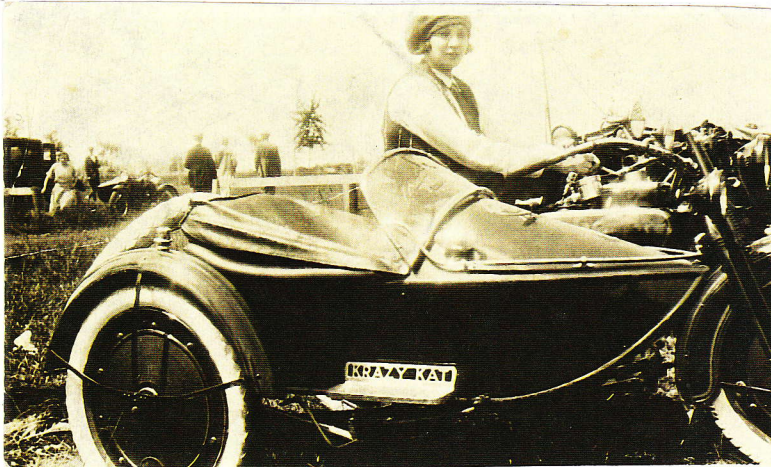

The Stark family goes back to the 1800s in Akron. John and Elizabeth, the great, great grandfather and mother of the family, lived in 1899 at 728 S. High St. It was here that Indian Sales and Service was later started. John was one of the early employees of the BF Goodrich Company in Akron.
